CHANGED TO SEMI-WEEKLY MAY, 1903; DAILY MARCH, 1904.

Vol. 15. No. 6.

Rushville, Indiana, Wednesday Evening, March 20, 1918

TEN PAGES TODAY

## PLEDGE SUPPORT TO PRES. WILSON

Republicans of District Endorse Senators and Congressman at Meeting.

### CHANGES IN PRIMARY LAW

Soldiers in This Country May Vote Although Those in France Can Not.

Discussion of changes in the primary and registration laws and of the new absent voters law occupied the attention of the republican county chairman and other workers of the sixth congressional district here today. The meeting was held this afternoon at the office of County Chairman Fon Riggs.

L. W. Henley, secretary of the state committee, explained the changes in the two laws and the provisions of the statute which will allow all soldiers in this country to vote. The meeting was then opened to a discussion of problems of organization growing out of these laws.

Resolutions were adopted pledging the loyal support of the republicans of the sixth district to President Wilson, endorsing Senators New and Watson and Congressman Elliott for their efforts in the prosecution of the war, praising Governor Goodrich and the state administration and urging county chairmen and other workers in the district to see that soldiers in this county get the opportunity to exercise their right of franchise.

Secretary Henley emphasized that there are four ways of registering under the law as amended by the last legislature: by appearing before the registration board which will be in session at the court house, sending the blank filled out and acknowledged before a notary public to the board by mail or by messenger, or depositing the blank properly filled out and acknowledged with the primary election board on May 7.

He also laid stress on a change in the primary law which prohibits any appointive or elective officer from sitting on the primary or general election board. This includes the precinct committeemen as well, he said.

Secretary Henley pointed that through an unfortunate wording in the amended registration law, it would be impossible to register any soldiers in France, which would make it impossible for them to vote, because the law states the registration blank for absent voters shall be on file within fifteen days after it is forwarded to the voter. However, it will be possible to register and cast the votes of all soldiers in this country and the secretary urged upon the county chairmen the necessity of seeing that all of them have the opportunity to cast a vote.

County Chairman Riggs "extracted" a quarter from every visiting republican. He made a little speech explaining the effort Rush county is making to get out a war history and every one of them "came across" with the "two bits" and placed their name on the dotted line so they would receive a copy.

Among the score or more of visitors for the meeting were: Judge Fred C. Gause, Sheriff Harlie Pressnell, Mayor George A. Elliott, County Chairman Rufus Hinshaw, Thomas B. Millikan and P. J. Lynch candidate for reporter of the supreme court, all of Newcastle; Solon A. Enloe of Danville and F. M. Thompson of Versailles, both candidates for appellate court judge from the first district; Secretary of State Roach and L. W. Henley of Indianapolis; District Chairman Walter Bossert and County Chairman O. P. LaFuse of Liberty; County Chairman E. Ralph Hemelick and Miles K. Moffitt of Connersville; Cecil Tague and I. M. Bridgeman, editor of the Porter and George Baker left

## TIME TO FILE EXEMPTIONS

Property Owners Have Until May 1 To Take Advantage of Law

The county auditor's office is calling attention to the fact that now is the time to file mortgage exemptions in order to take advantage of the law in paying next year's taxes. Evidently many persons have forgotten to file their exemptions for very few have been placed on file. The law allows an exemption up to \$700 provided that sum is not more than half of the assessed value of the property. Exemptions may be filed until May 1.

## 139TH PULLS DOWN RIFLE RANGE RECORD

Qualifies Fewer Men at Camp Shelby But Their Average in Tests is Much Higher

### LOCAL BOYS RESPONSIBLE

Rush county boys of the One Hundred and Thirty-Ninth Field Artillery, of which there are several scores in training in the Mississippi camp, along with the other batteries of the regiment proudly marched back into camp today with flying colors, bearing the record of the rifle range. The regiment has excelled all others that have yet shot at the range and during the last month wrestled the record from the 152nd Infantry where it had rested for a short time.

Rushville boys—boys of old Company B—are responsible to a great extent for the honor which has been placed within the ranks of the 139th, as the records show that the battery containing local soldiers holds the highest rapid fire test. The 139th qualified fewer men than any of the other regiments previously at the range but their average in the tests is much higher than in any of the other regiments.

"It isn't only that we want the camp record, which of course is an honor," wrote a Rushville boy a few days ago from the range, "but we want to become number one soldiers so that our practice here will enable us to do some effective work in getting 'William Kaiser' and his bunch."

## BAKER TAKES SQUINT AT NO-MAN'S LAND

Secretary of War Goes Into Front Line Trenches in France Held by Yankees Today

### SHELL BURSTS NEAR HIS CAR

(By United Press.)

American Army in France, March 20.—Secretary Baker was in the front line trenches under shell fire today scanning No-Man's land from a listening post.

"Now I'm at the frontier of freedom," enthusiastically stated Baker. Returning from the trenches a German shell burst within 40 yards of his automobile.

While he was in the trenches allied airplanes wheeled over him despite heavy fire from German anti-aircraft guns.

The secretary called on Capt. Archie Roosevelt and other officers at the hospital. He praised Roosevelt for bravery.

The first men to receive the new American war decoration for heroism were Lieut. U. M. Greene, of the field artillery and Sergt. William Norton and Pat Walsh. All received the distinguished service cross.

Greene was wounded during the recent German raid on the Toul front. He was in a dugout and refused to surrender after being wounded. He wounded one German with a pistol shot and drove the others out of the trench.

## RIPLEY STARTS THE WAR MACHINE

First Township in County to Perfect Organization For All War Work

### OTHERS ARE IN THE MAKING

Plan of Dividing Township by Sections Suggested by Executive Committee

Ripley township is the first township in the county to report a complete organization to the executive committee of the new county war organization. The appointments of leaders for each district in the township have been made by the township committee, which is a part of the war organization, and which consists of R. H. Hill, M. F. Lovett, Mrs. R. H. Hill and Miss Winona Newsom.

The plan suggested by the executive committee was followed there and is the basis on which the township committees all over the county are working toward the completion of their framework for a permanent war working machine. The executive committee suggests that the township be divided up by road or school districts, as is most convenient, and that a person or persons be appointed to head this district.

They will work under the township committees and the township committees will be under the direction of the executive committee. Any word received by the executive committee or order made by them can in this way be conveyed to any or every part of the county in a short time. When the entire county is organized, every part of the county will have a war worker which will head or select a head for war activities in the future.

The committee of three or four has been chosen in every township. Many of these have chosen their chairmen and secretaries and others have divided the work of Red Cross, Liberty Loan and Y. M. C. A. under the heads of the committee, giving one activity to each person. The plan of the organization is that this committee will head all such activities or select a capable person to do so.

Ripley township has been divided into districts with the following leaders:

Northeast quarter section, county, Mr. and Mrs. Harry Leisure.

Northeast quarter section, town, Mrs. Clyde C. Henley.

Northwest quarter section, county, Mr. and Mrs. Cassius Gray.

Northwest quarter section, town, Mrs. E. H. Hill.

Southeast quarter section, county, Mr. and Mrs. Harry Leisure.

## SENATOR WATSON ORDERS 40 BOOKS

Compliments Highly in Letter Idea of Putting Out War History of County

### IS PROUD OF RUSH COUNTY

Says It Will Be Source of Pleasure to Relatives and Friends of All Soldiers

A decided impetus was given the interest centering around the Rush county war history which is being compiled and the sale of books by the letter from Senator James E. Watson complimenting the idea and enclosing a check for ten dollars for forty books, which the senator wishes to pass around to his friends. Several other large orders have been received by Rush county citizens both here and out of the state who are proud of the patriotic zeal of their home county.

The letter which A. L. Riggs received from Senator Watson reads: "I am both surprised and delighted in the comprehensiveness of the work undertaken in the publication of the Red Cross war history. The volume will be replete with local interest and will be a source of historical information for generations to come. It will be treasured by all those who have made sacrifices for the country's sake and it will certainly be a source of genuine pleasure to the relatives and friends of the soldier boys in all our great wars."

"Every loyal son of Rush county should be proud of the record she has made in the present contest. She has come 'over the top' in every phase of war activity and her patriotic zeal is surpassed by no other people anywhere in all this broad land."

"It is a source of gratification to me to know that I live in such a county and among such a people and you may be sure I am pleased to add my mite to a historical volume that will preserve this priceless record to coming generations."

"I am enclosing a check for ten dollars for which please send me forty of the books. I will be proud to pass them to my friends here and tell them it is from my home county."

### BOY ENROLLMENT WEEK

Indianapolis, Ind., March 20.—A campaign was being conducted throughout Indiana today for enrollment of youths in the United States Boy's Working reserve. The boys were registered for farm labor during the coming season. The campaign will continue throughout the week.

## Council Has No Panacea For The Blackbird Evil

Resolution From Woman's Council Urging They be Driven From City is Tabled

### SHADE TREE QUESTION RAISED

City council decided last night it did not have any panacea for the blackbird evil and tabled a resolution presented by the Rushville Woman's council asking that they be driven from the city because they are a nuisance and cause unhealthy and unsanitary conditions.

Members of council admitted that black birds are all that the women said they were, but they could think of no way of getting rid of them. In the spring they begin nightly raids on the city, disturbing the slumber of law-abiding citizens.

"The only way I know to be rid of these pests," said Councilman Wagoner, "is either to authorize every man and boy in the city to

## BOYS ARE PAYING PLEDGES

Practically All Y. M. C. A. Subscriptions Will be in by April 1

By the first of April all of the Y. M. C. A. pledges will be paid among the high school boys if the payments continue to come in as regularly during the next two weeks as they have done in the past two weeks. The number has been reduced greatly and at the opening of each morning and afternoon session of the school boys appear at the superintendent's office with partial payments on their pledge. Harold Titsworth paid his pledge in full today.

## M. E. FOLEY, LAWYER, HEADS STATE COUNCIL

Indianapolis Man Appointed Chairman to Succeed Will Hays By Governor.

### LABOR QUESTION SETTLED

(By United Press.)

Indianapolis, Ind., March 20.—Michael E. Foley, a leading attorney of Indianapolis, was today appointed chairman of the Indiana state council of defense by Governor Goodrich. Foley succeeds Will Hays who resigned when he was named national chairman of the Republican party. Foley is a democrat.

Foley has represented the Terre Haute, Indianapolis and Eastern Traction company for several years. His home was formerly in Crawfordsville.

The question of a state labor director which has been before the council for many weeks was settled today. W. C. DeMisser of Washington, D. C., was named director of labor for the state, with Ross Lockridge of Ft. Wayne as associate director. It is understood that Lockridge will have charge of most of the work in connection with the office.

M. E. Foley addressed a patriotic meeting here last summer and is well known in Rushville.

## RECEIVES NO NEWS ON THE CALL OF APRIL 3

Army Selection Board is Without Instructions Regarding Latest Troop Movement Order

### LOWELL CLOUD IS RELEASED

The county army selection board today had no word from the state conscription agent concerning the call for men to supply the increment which will start to camps April 3 and continue for ten days. One impression is that the call is for ten percent of the current quota and another is that it is for the remainder of the quota. Neither is it definitely settled where they will be sent.

The board announced today that Lowell Cloud, the only farmer picked to go with the ten percent increment in the troop movement starting March 29, had been released and would not be called at this time. The board had instructions not to send any men assiduously engaged in farming, but was under the impression that Cloud worked out by the day and was not contracted for the season because he was in class one and was expecting a call to the army. The board has learned, however, that he is a faithful worker on the farm and can not very well be spared by his father. Word has been received that only eleven men are wanted and the board picked twelve, so Cloud can be left out without calling another.

Generally fair tonight and Thursday.

## LAST OF GOOD SEED CORN IS BEING SOLD

About 100 Bushels Will be Disposed of at Auction on Chris Alter Farm Tomorrow

### A SCRAMBLE IS EXPECTED

Many Farmers Find After Testing Corn That Supply is Shorter Than They Thought

About the only good seed corn in the county which is for sale will be disposed of at auction on the Chris Alter farm near Gowdy tomorrow and as a result there is expected to be a scramble by farmers to get some, because the seed corn shortage seems to be growing worse every day. (About 100 bushels will be sold.)

The government has advised against profiteering in seed corn causing high prices to be paid for it, but when it is so scarce and it is sold at auction, there is certain to be high prices paid for it.

At other sales this spring seed corn has sold all the way from \$10 to \$20 a bushel. In a few instances it has been first come, first served and some farmers who bid in seed corn did not get any. At the Hen-lerson sale a few weeks ago the corn sold was in a crib and farmers helped themselves to it as best they could. Since that time farmers having seed corn to sell have been advised to sack it so that when a man bids in a quantity, it can be delivered to him on the spot.

The response to the government's plea to "weed out slacker ears by testing all seed corn" has proven to many Rush county farmers who thought they had their supply of seed, that in reality they are very short. Many persons too who have been resting confidently on the tests they have given the corn by means of cutting off the tip of a grain or two from the ear have found by proper testing that the tests had proven false in many cases when not given in the proper way.

Not long ago, Ed Chambers took 10 fine looking ears of corn to the office of the county emergency demonstration agent in the court house asking that they be tested. Of the ten ears, four showed that 5 out of the 6 grains tested would germinate; one showed that none of the six grains would germinate; two showed two out of six would germinate. This one test proved as many others have what farmers are liable to find in their new supply of seed.

Another farmer who makes his home here in Rushville was taking a shorter method of testing his corn by cutting off the tips of the grains and using all of those that did not have black on the tips. By this method he had found enough grains to fill a small bucket which he thought would make good seed. He was induced to have them properly tested by the county emergency agent and of the eighteen that were tested only three would germinate.

## Card Misaddressed To Rushville, India, Reaches Here After 4 Months in Mail

Four months time for a card to travel from Butte, Montana, to Rushville, Indiana, is quite a time, but that is just the length of time it took for the postal that John Crawley sent to Joe Williamson while going through there. Of course, it wasn't all the fault of Uncle Sam, but partly the fault of the man who addressed it. It was addressed to Rushville, India, and sent to India. The card bore postmarks of Bombay and other parts of India and a censor's mark. It was only addressed in pencil but succeeded in finally reaching its destination after a trip of many thousand miles.

ELECTION RESULTS  
ARE STILL IN DOUBT

Lenroot and Thompson Running  
Neck and Neck For Republi-  
can Election in Wis.

DAVIES DEMOCRAT NOMINEE

(By United Press.)

Milwaukee, March 20.—Irvin Lenroot and James Thompson were running neck and neck on returns today for the Republican senatorial nomination and the result was as much in doubt as when the polls closed.

Joseph Davies has been nominated by the democrats over Charles McCarthy by a 3 to 1 majority.

Mr. Berger was named by a socialist, polling a comparative vote. Returns from 600 precincts showing Lenroot leading Thompson by 2,000 with strong precincts still out.

The war attitude of the republican party in Wisconsin remains in doubt while the ballots were being counted.

With slightly more than half the precincts in the state reported Lenroot and Thompson were waging a desperate battle.

Lenroot was hanging to a margin of slightly less than 2,000 votes. The precincts gave Lenroot 59,692 and Thompson 57,765.

The outstanding points of interest developed by the count thus far was the sympathy that the combined loyalists vote of Lenroot and the two democrat candidates will exceed the total vote cast for Victor Berger.

CANDIDATE RESIGNS

Washington, March 20.—Joseph Davies, successful candidate in the Wisconsin primary for the democratic senatorship, has resigned as a member of the federal trade commission. President Wilson wrote a letter expressing his hope of Davies' successful fight at the polls April 2.

FOR CRUELTY TO ANIMALS

Dave Webster has been fined \$1 and costs by Judge Sparks in circuit court on a plea of guilty to the charge of cruelty to animals. He was indicted by the grand jury.

SECOND INDIANA TO  
BE INSPECTED SOON

Local Unit a Part of Battery C Will  
Undergo Inspection Monday  
Night

WILL GO TO INDIANAPOLIS

The local unit of the Second Indiana Field artillery will be inspected in Indianapolis on next Monday night, according to the itinerary announced for Lieutenant Vincent R. Bartlett of the Central department at Chicago who will make the inspection of the Indiana National Guard. The only part of the guard left in the state now is the Second Indiana.

The Rush county men who have enlisted in the regiment are a part of Battery C, one of the three batteries of Indianapolis. Battery C will be inspected on Monday evening of next week. The units which consist of a platoon or more will be inspected at their home stations. The inspection is an annual one for the National Guard troops.

DR. S. C. NEWLAND EXPIRES

Former New Salem Physician Dies at Anderson

Harvey M. Cowing today received word of the death of his brother-in-law, Dr. S. C. Newland, age 61, formerly a practicing physician at New Salem, at his home in Anderson. He left this county about 28 years ago and moved to Anderson. Dr. Newland is survived by the widow and one daughter. His first wife was a sister of Mr. Cowing.

WIRE BRIEFINGS

(By United Press.)

Petrograd, March 20.—Foreign Minister Tolstochin declared today that the Bolshevik officials have considered the possibility that the United States will oppose Japanese ventures in the far east. He said he believed the negotiations toward that end between the United States and Russia were possible.

Pekin, March 20.—The Chinese and Japanese ambassadors, accompanied by several of the American diplomat corps, have arrived in Manchuria from Petrograd, according to dispatches received here today.

British Armies in France, March 20.—The air war on the west front is record-breaking. One hundred and sixty-seven enemy airplanes have been downed so far this month in daylight flying, including 23 on St. Patrick's day. Night flying is unprecedented. There is much bombing at night.

London, March 20.—The total allied and neutral shipping losses from the beginning of the war to December were 8% of the total tonnage which was 33,000,000, Sir Eric George Geddes, first lord of the admiralty announced today.

# Food From Your Back Yard

## NEED FOR HOME GARDENS CALLS FOR WORK IN EVERY BACK YARD

**IN 1918:**  
Every family must help feed itself. Fresh vegetables must be used to lessen home consumption of staple foods needed by troops and the Allies. Home-produced food must lessen demand on railroads and other deliveries. More food must be canned in homes than ever before. There must be a war garden in every backyard fertile and sunny enough to grow vegetables. Every seed planted must be made to count in the food supply.  
—U. S. Department of Agriculture.

"The obligation of every man, woman and child out of uniform to help feed himself will be greater in 1918 than in 1917. Therefore the home gardening and canning activities of last year must be repeated."

This is the message of the United States Department of Agriculture to every family. Those who cannot produce, can conserve and save food. There must be no backsliding among experienced gardeners; they must repeat their contribution of food. Absence of novelty must not deter those who tried gardening for the first time in 1917 from capitalizing their increased knowledge and skill. Those with experience must help thousands of beginners to make ev-

tention to fall crops of root vegetables, such as potatoes, beets, late turnips, carrots and parsnips, which can be stored easily for later use. It also would be well to give attention to the production of mature Lima or other beans which can be shelled and kept in bags.

### Help on The Home Food Plot.

The garden specialists of the Department and of the State agricultural colleges stand ready to help everyone make the greatest possible success of his home garden and to assist in the canning of surplus food.

With the co-operation of the press, the Department will carry the gardening advice of its specialists directly to many millions of readers. To supplement this "Food From Your Backyard" series, of which this article is the foreword, the Department has issued two new war garden bulletins for every home gardener who wishes to help feed himself. They are:

"The Farm Garden in the North," Farmers' Bulletin No. 937.

"Home Gardening in the South," Farmers Bulletin No. 934.

Home Food Plots Like These Help the Home Table and Home Pocketbook. They Help the Nation, Too.

ery seed count—to get satisfactory returns from their work with hoe, rake and watering can. There must be no slacking off. Gardening is everybody's business, but in 1918 everyone must attend to that business.

And now a word of caution. Don't plant more than you can cultivate; don't try to raise more than you can use. And water systematically all spring and summer. A few square yards well tilled will yield more than a half acre allowed to run to weeds.

The Department advises strongly against effort by amateur gardeners to produce truck crops for sale. Such enterprises commonly prove unwise, burdensome to all concerned, and not infrequently financially unprofitable. Much precious seed and fertilizer—to say nothing of time and labor—were wasted last year in such undertakings. The Government's home gardening specialists believe that best results will be attained if each family attempts to raise only enough vegetables to supply its own table and to afford the surplus which its members can dry, can or store for later home consumption.

### Vegetables For Winter Storing

The gardener who has provided for the immediate needs of his family and its canning and drying requirements thereafter should devote at-

"The City and Suburban Vegetable Garden," Farmers' Bulletin No. 936.

Your postal card to the Division of Publications, U. S. Department of Agriculture, will bring your free copy.

Read these articles as they appear. Study the handbooks around the winter lamp. You will be ready to deal with soil and seed as soon as spring weather permits.

### REMEMBER

The hoe is mightier than the word. Change notion to motion—turn patriotic impulse into real backyard service. Are YOUR garden tools repaired and ready for use?

Most owners of small gardens are content to raise a single crop on each plot of land at their disposal, but it is possible to grow two or three crops of some vegetables in one season.

Frost is less likely to injure vegetables planted on high ground than those planted in low places or valleys into which the heavier cold air commonly settles.

Intensive culture and careful arranged rotation will help make every foot of available space in the small garden produce the maximum yield.

entitled, "Jets of Flame." A two reel Lonesome Luke comedy, "The Big Idea," a one reel cartoon, "Der End of Der Limit," and the Pathe News. Tomorrow George Walsh will be seen in a William Fox production in five acts. He has a good supporting cast in the picture.

### Princess Attractions

"Seats sales have started for the production of "Cleopatra" to be shown at the Princess theatre on Friday afternoon and evening. An-

cient Rome and Alexandria were recreated in California, where "Cleopatra" was filmed. The Roman Forum was reproduced and there is shown the death of Caesar. Cleopatra's famous barge once again moves majestically over the water, and the famous feasts of Egypt's queen, those feasts which by their extravagance, dazzled the eyes of Caesar, and later of Antony, are presented in all their sumptuousness.

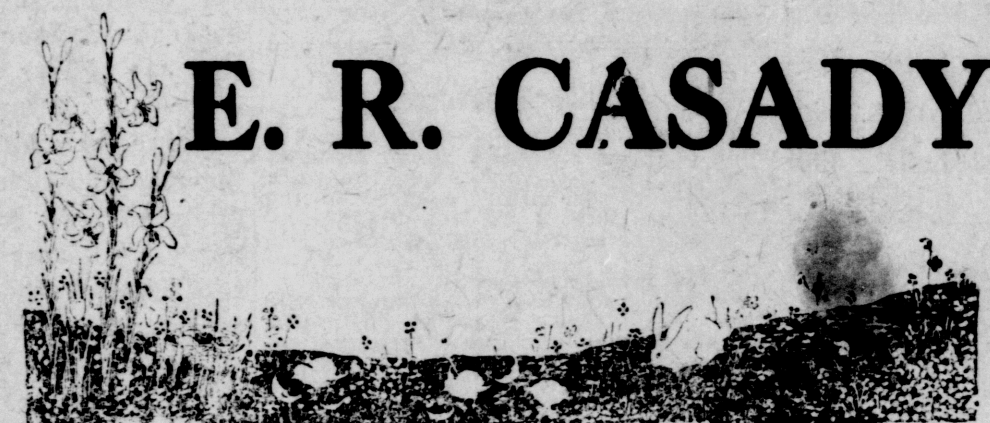

## Do You Know What Fashion Has For Easter?

To some the conservative appeals; to others the extreme. This store is an impartial collector of the best in all styles. You will find here the many new ideas that the foremost style creators have evolved for the fashionable women of America. You will find suits and coats in really new fabrics, in really new colors, with hosts of little individual touches to insure your fashionable leadership in this community.

Select from our wonderfully selected assortment of Coats and Suits from \$10.00 to \$55.00

### NORMA TALMADGE in "Ghosts of Yesterday"

NORMA TALMADGE

True love transforms a wanton cabaret singer into a woman with a heart of gold. The background for this story is without doubt the most elaborate and costly cabaret set ever seen on the screen.

### Extra! "PATHE NEWS"

See our boys over there and many other things of interest.

Admission 10c and 15c. Prices include tax

THURSDAY — Alice Joyce in

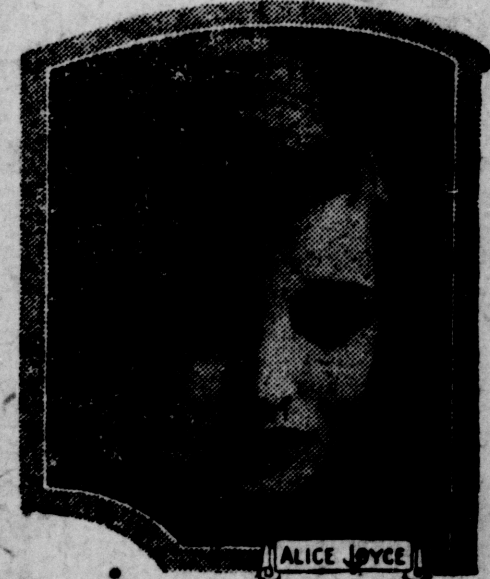

### "The Fettered Woman"

The story of a girl's struggle for her good name.

FRIDAY — Theda Bara in

### "CLEOPATRA"

the big spectacular production

ALICE JOYCE

Popular Norma Talmadge appears this evening in, "Ghosts of Yesterday," a story which tells how true love can transform a wanton cabaret singer into a woman with a heart of gold. The background for the production is said to be the most costly ever produced for a cabaret scene. The Pathe News feature includes some scenes from "over there." Alice Joyce will appear tomorrow in, "The Fettered Woman," in which Miss Joyce's charms are shown to advantage.

### SUNRISE PRAISE SERVICE Epworth League Will Hold Special Program 6 a. m. Easter

A Sunrise Praise service will be given at the St. Paul's M. E. church on Easter morning at six o'clock by the new time under the auspices of the Epworth League. A varied and inspiring program, appropriate to the day, is being arranged which will continue one hour. The regular

Easter meeting at 6 o'clock in the evening will also be held when E. B. Thomas will lead and Easter musical program will be given. An April fool social will be given in the parlors of the church on Monday evening, April 1. Plans for these meetings and other business matters were brought up at the meeting of the League cabinet held at the home of Miss Harriet Vredenburg last evening.

### Township Trustee

We are authorized to announce the name of James V. Young as a candidate for Township Trustee of Rushville township, subject to the decision of the Republican primary election, May 7th, 1918.

### War Hysteria

Nothing can be more harmful to the business life of the country than for the people to give way to hysteria over the war. There are enough disturbing factors in the business situation, growing out of the war problems, without our adding to them unnecessarily. But this we do whenever we permit thoughts of the war to obtrude into business or cause us to vacillate or hesitate over ordinary business problems.

Business conditions are now more than ever subject to sudden change, hence there is all the more reason that the people keep cool and steady. But these changes are more in method than anything else, and a

consistent application to business will enable us to grasp them as they occur and continue to conduct business in safe channels.

Another thing: There are men at Washington and elsewhere who are drawing salaries for developing our war policies. Our help in this matter is not needed. We can render the greatest aid to our country in this crisis by making of our business—it matters not what it may be—the greatest success possible. If we are farming the greatest aid we can render will be measured by the size of our crops. The same in all lines. We can render absolutely no aid if we discuss the situation from now till next spring. We can, however, help to make confusion worse confounded by abandoning ourselves to hysterical discussions and speculations.

Another phase of the situation in which we should keep cool and preserve an even tenor, is in the matter of giving credence to the thousands of sensational reports circulated. Many of these are the product of idle brains and the outgrowth of the very useless discussions we have sought to discourage. The people will be informed from an authoritative source of all matters that affect the public welfare. Sensational reports that have not the sanction of the Washington authorities should be frowned upon and discouraged. You are always safe in disbelieving and contradicting all such.

Taken by and large, while conditions are not normal, still there is really no good reason for hysterical worry. Coolness and common sense, added to increased application and energy, will carry us safely through and enable our government to win out in the mammoth undertaking before it.

### Need Drastic Regulations

More and more it becomes evident that if the government is to succeed in enforcing the meatless and wheatless days and meals there will have to be some drastic regulations that will apply directly to the eater. Hotels and restaurants in all parts of the country complain that while they are anxious to obey the order to the letter, they have great trouble with customers, many of these growing violently angry and withdrawing their patronage. Of course the fellow who is guilty of such action is a poor fish at best, but then food purveyors can not take too close notice of the moral quality of their patrons. There should be some regulations that will impress the fact in unmistakable terms on the gourmand that Uncle Sam is going to save that wheat and meat, and that he is going to do his pro rata part in that saving. We must go after the eater and not the feeder if we are to secure success.

Vice-President Marshall says elections should not be held during the war. But just because the vice-president is thoroughly satisfied with the incumbent of one office, is no reason that the people are satisfied with all incumbents.

Probably the reason why lightning never strikes twice in the same place is because the place isn't there after the first strike.

'Austria tired of war! Well, it isn't the first time in history that an individual or a nation has started something that they couldn't stop.

### LAST OF GOOD SEED CORN IS BEING SOLD

Continued From Page 1

Mr. Winthrop, president of the state seed stock company, phoned the county emergency agent here recently asking how the Rush county farmers were fixed on the seed corn situation. He replied that with the amount of seed that the farmers had already purchased and with the seed that was advertised for public sales, a large number of Rush county's farmers would be supplied. The next problem the farmers are confronted with after getting their supply is to find if it will grow.

In connection with the procuring of seed, an important step that the government is putting up to the farmers is to preserve the type. Concerning it, the following statement is given out by the agricultural department:

"Test every ear before planting and preserve type wherever possible."

Let this be your slogan this spring for seed corn.  
Perhaps you have spent years

## READY RESPONSE TO CALL FOR GARMENTS

Red Cross Receives Many to Be Sent to Relief of Poverty Stricken in Europe

### CERTAIN KINDS NOT WANTED

Responses are being made daily to the call of Red Cross for old and worn garments which will be sent to Europe for the relief of persons in the war ridden districts of Belgium and France. The local chapter of Red Cross asks that persons having such garments bring them to the recorder's office in the court house where they will be received by a member of Red Cross. Anyone having garments to contribute that they cannot deliver, is asked to call the recorder's office and leave their house number and a boy Scout will call for the clothing the latter part of the week. The phone number at the headquarters in the recorder's office is 1388.

Several suggestions have been made by the national headquarters in regard to the kind of garments that are most needed. Fancy garments such as slippers, stiff hats, and other things which will not be practical are not wanted. Goods containing rubber, such as suspenders and garters, will not be sent for rubber deteriorates in the shipping. Shoes are needed badly and it is asked that mud be cleaned from them before they are handed in.

A plea is made for garments of many kinds—garments for men, women, boys, girls, and infants. Underwear, stockings, shoes, dresses, men's and women's and children's suits, infant wear of all kinds, in fact any practical garment that is in sufficiently good condition to merit its being sent across is needed. The garments need not be in perfect repair for they can be mended in the rooms of the commission in the countries to which they are being sent.

building up a splendid type of corn. These years of effort must not go for naught. One soft corn year must not wipe out the hard work of many seasons of hard, diligent work to obtain.

If you have any corn of good type to which you have devoted much time and effort, and feel that it will not grow or will show a very low germination, test it. Even if you test 100 ears and find only fifteen goods ones, those fifteen ears are going to plant one acre this spring and your type will be preserved. Do this, even though you have seed of another kind and know that it will grow. You will be better satisfied. Your work of years will not have been in vain.

"Test every ear before planting and preserve type whenever possible."

### FINED AND GOES TO JAIL

James Hobbs of near the city, one of the men summoned to appear in police court Monday morning for violating the automobile dimmer law, appeared last night and was fined \$1 and costs on a plea of guilty. He went to jail to "lay out" the fine.

## EAT LESS MEAT IF BACK HURTS

Take a glass of Salts to flush Kidneys if Bladder bothers you—Drink lots of water.

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked; get sluggish; clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders. Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney diseases.

## The Third Liberty Loan

During our Civil War \$3,000,000,000 was raised through Government bond sales, and in the same ratio of Liberty Bonds to our present national wealth, we could, if necessary, in this war raise \$74,000,000,000.

In answering the call of the Third Liberty Loan, let us bear in mind that funds so raised are spent almost wholly within the boundaries of the United States; that not only are our dollars patriotically employed, but given the world's best security.

These Institutions cordially invite you to use our facilities, in subscribing to the Third issue of the Liberty Loan.

## SCHOOLS TO BOOST ENROLLING OF WOMEN THE THRIFT SALES WILL BEGIN APRIL 19

Children Will Canvass The Town in Effort to Sell Government Thrift Stamps

MERCHANTS TO ADVERTISE

Committee of Women to be Appointed to Help—Plans Made at Meeting

Rush county school children have been enlisted as salesmen for the government Thrift and war savings stamps. The plan to ask the young people to aid in increasing the sales was made at the meeting of the county Thrift stamp committee held with the chairman, John A. Tittsworth last evening. Mr. Tittsworth addressed the high school pupils this afternoon explaining how the stamps were sold and dwelling upon their patriotic duty to aid in procuring a loan for the government in this way.

Although the plan has not been entirely completed, it is probable that Rushville will be divided into districts and assigned to the school children who will visit each home in their district, asking that the stamps be bought. The pupils who are agents will also solicit sales among the school children.

The advertising campaign will be furthered in several means, one by asking merchants and business men who advertise in the county papers to run little squibs in their ads urging the readers to buy the stamps.

In the near future, a committee of women will be appointed by County Chairman Tittsworth to aid in the sale of the stamps. Superintendent J. H. Scholl and Prof. S. F. Stewart have been appointed to head the campaign to be conducted by the Rushville school children and County Superintendent George has already started the sales through the schools over the county.

### RIPLEY STARTS THE WAR MACHINE

Continued from Page 1.

try. Mr. and Mrs. N. I. Price. Southeast quarter section, town, Jesse Henley.

Southwest quarter section, town, Howard E. Henley.

The township committees were also asked to report in the very near future the name of a person for the Home Service committee of Red Cross. Ripley township has chosen S. L. Newsom for this committee. V. H. Hill is chairman of the township committee and Miss Winona Newsom is secretary.

### KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that exuberance of spirit, that natural buoyancy which should be enjoyed by everyone, by toning up the liver and clearing the system of impurities.

You will know Dr. Edwards' Olive Tablets by their olive color. 10c and 25c per box. All druggists.

Anniversary of Battle of Lexington Will Mark Opening of Campaign

NO FEE WILL BE SOLICITED

Indianapolis, Ind., March 20.—Enrollment of more than 700,000 will be effected for war work next month in the opinion of Miss Julia Landers, chairman of the state committee on women's enrollment.

The women have set aside April 19—the anniversary of the battle of Lexington for the day on which the enrollment will be made.

Girls between 16 and 21 will be enrolled in one class and women will be enrolled in the second class, so that two great armies of women workers will be created.

Although a charge of ten cents was made at the registrations of women in other states to pay for the women's war activities, it has been decided in Indiana that no fee will be solicited.

### Days Pickings

The Salvation Army appeals to the citizens of Rushville for old clothing for newspapers and magazines and for old shoes to assist in carrying on the work in this city. Envoy and Mrs. Tineher have announced that they will call for any articles if the people having them will notify any of the Salvation Army officials.

The Boston Shoe Company, of Philadelphia, Pa., has purchased the remaining shoe stock of Winship and Denning. The sale included the entire lot of shoes, fixtures and book accounts. They will dispose of the stock here by placing them on special sale. H. G. Hackman will manage the store for the company.

James Frazee of Indianapolis, formerly of this city, is moving here and will start a fertilizer factory. Mr. Frazee has been employed on a railroad in the last years and while a resident of this city worked for the Indianapolis and Cincinnati Traction company.

Election of the officers of the United Presbyterian Sunday school will be made at the meeting of teachers and officers called for tomorrow evening at the church. Immediately following the prayer meeting services.

The case of the state on the relation of Ruby Ronan against Clyde Martin, who is accused of a serious offense, has been placed on file in the circuit court. It is a transcript from Squire Newhouse's court.

Ezekiel Jones is offering a reward to the person who finds the ring which he lost yesterday afternoon some place in the down town district. It was a little finger ring and contained a white sapphire.

Miss Nellie Rousey, the twelve year old daughter of Mr. and Mrs. J. L. Kirk of Sexton underwent an operation at the Dr. Sexton hospital yesterday morning for appendicitis.

Derby Green severely sprained his ankle yesterday when he jumped over a fence on his farm near the city and alighted in a hole.

Mrs. M. L. Hiff of New Salem was operated on at the Dr. Sexton hospital yesterday morning for appendicitis.

Mrs. George Harrel has recovered from the measles. Miss Pearl Harrel is ill with them now.

Miss Gertrude O'Reilly has taken a position in the law office of Chauncey Duncan.

Kathryn, the little daughter of Mr. and Mrs. Tom Cauley, is ill with tonsillitis.

### MADE PRISONER BY GERMANS

Washington, March 20.—Henry Emery who represented the Guaranty Trust Company of New York has been made a prisoner by the Germans on the Aland Islands. A telegram today to the state department from the American minister at Stockholm reports the arrival there of Mrs. Emery who told the story.

### THE BULL-DOG BEATER WHEEL

This bull-dog wheel is all that its name implies. It is one of the foundations on which the Litchfield Spreader Line fairly stands.

This beater wheel is entirely unlike the ones used on all other machines in the world. The manufacturers claim THIS ONE PATENTED FEATURE to be worth more to any spreader than all the best features combined, which are controlled by all other competing machines.

This is the only beater wheel used on manure spreaders that CANNOT BE CLOGGED by any kind of material that is ordinarily used in a spreader. The principle is unique and different from everything else. It operates on the plan of one set of teeth working ahead of another set. What one set of teeth fail to get the other set takes good care of. Come in and see it and we will explain all the details.

It does the work that TWO beater wheels would do if it were possible for two wheels to operate on the SAME SHAFT and in the SAME SPACE, one working an inch and a half deeper in the load all the time, than the other. Owing to its peculiar construction, it TAKES CARE of the material as it comes from the box, tears it into pieces and distributes it with uniformity and WITHOUT PACKING OR CLOGGING.

The whole secret is the peculiar makeup of the diamond pointed LONG and SHORT teeth which are so arranged that no material gets by them and drags on the bars that hold the teeth. This beater wheel is light running, flexible and all steel. Our owners tell us that the power it requires to do its work is almost negligible.

C. H. TOMPKINS  
RUSHVILLE, INDIANA.

The regular weekly meeting of the Soldiers Mothers club was held yesterday afternoon with Mrs. David Stoops at her home in North Morgan street when two new members, Mrs. Mart Spivey and Mrs. E. E. Perrin were taken into the organization. Because of the many church societies and other clubs organized before the Mothers club, which meet on Tuesday afternoon the members of this club have decided to change their meeting day to Friday.

At the next meeting of the club which will be held at the home of Mrs. William Woollen in North Harrison street April 5, boxes of candy will be made for the boys and each member of the club is asked to bring a box to be sent to her boy in order that the candy may be sent out as soon as it is made.

The members of the Woman's Missionary society of the First Presbyterian church held the first meeting of their church year yesterday afternoon at the home of Mrs. Lon Link when an interesting program on Missionary work was given. "Christ in Latin America," was the subject discussed by Mrs. C. E. Liddle after which the devotional exercises and missionary current events were given, followed by a short business session. Mrs. Joseph Cowing, the newly elected secretary took charge of her work yesterday in the place of Miss Minnie Beale who resigned. All of the other officers of last year were re-elected.

The members of the O. N. T. embroidery club were pleasantly entertained yesterday afternoon by Mrs. Susan McCoglin at her home in North Morgan street. The guests spent a delightful social afternoon at the close of which the hostess served a dainty luncheon. Aside from the members of the club the guests included Miss Lenora Norris and Mrs. Mary Thomas. The next meeting will be held in two weeks at the home of Mrs. R. H. Jones in North Perkins street.

### Thursday

D. A. R. Meeting in the afternoon with Mrs. H. V. Logan, 603 North Perkins street.

Psi Iota Xi sorority in the evening with Miss Hannah Morris, 310 East Fifth street.

Grand club in the afternoon with Mrs. Frank Wilson, 612 North Main street.

Thursday Afternoon Bridge club with Mrs. Roy E. Harrold, 717 North Perkins street.

Meeting of teachers and officers of the Sunday school classes of the United Presbyterian church, at the church in the evening.

Always Present Sunday school class of the Main street Christian church in the evening with Miss Sylvia Dye.

The home of Mrs. Jesse Poe in North Morgan street was the scene of a prettily appointed card party last night when she was hostess to the members of her Five Hundred club at the regular semi-monthly meeting. Guests for three tables were entertained and at the close of the evening the hostess served light refreshments. The next meeting will be held in two weeks with Miss Hettie Retherford at her home in West Fifth street.

Honoring the seventeenth birthday of their daughter Hazel, Mr. and Mrs. Earl Wilson of Mays entertained at their home last night with a prettily appointed evening party which came as a surprise to the guest of honor. Scores of young people of the Mays neighborhood enjoyed the affair and the evening was spent with dancing and games. At the close of the evening, the hostess served a dainty luncheon.

Honoring the birthday of Mrs. Fred Bell the members of the Sunshine Embroidery club of Raleigh surprised Mrs. Bell at her home last night. About sixty guests were present and the evening was spent at cards after which a dainty luncheon was served. Aside from the members of the club the guests included Miss Henrietta Talbert and Miss Gladys Barr of Morristown.

An interesting program has been arranged for the regular meeting of the Daughters of the American Revolution which will be held tomorrow afternoon with Mrs. H. V. Logan at her home in North Perkins street.

There will be a meeting of the Lurline council, tomorrow evening in the Red Men's hall at 7:30. Following the business meeting the guests will be entertained with a supper.

The home of Mr. and Mrs. O. M. Harton was the scene of a pretty dinner party Monday evening when they entertained the members of the Busy Bee with a pitch-in dinner. The guests included Mr. and Mrs. Lon Stewart, Mr. and Mrs. Albert Winship, Mr. and Mrs. Willard Amos, Miss Mary Amos, Miss Lucy Inow, Mrs. Emma Talbert and Will Inlow.

Mr. and Mrs. Frank Catt of North Perkins street entertained at their home last night with an informal card party at which guests for two tables were entertained. A dainty luncheon which was served following several rounds of cards, closed the evening's entertainment.

The members of the S. E. T. embroidery club held a pleasant meeting yesterday afternoon at the home of Miss Mary Amos in North Perkins street. Needlework was done during the afternoon, at the close of which the hostess served a dainty luncheon.

Miss Sylvia Dye will be hostess to the members of the Always Present class of the Main Street Christian church at the regular meeting which will be held at her home tomorrow evening.

The regular meeting of the Thursday Afternoon Bridge club will be held tomorrow afternoon with Mrs. Roy E. Harrold at her home in North Perkins street.

Miss Hannah Morris will be hostess to the members of the Psi Iota Xi sorority at her home in West Fifth street tomorrow evening.

The regular meeting of the Grand club will be held tomorrow afternoon with Mrs. Frank Wilson at her home in North Main street.

## Red Cross Notes

For a time, the Saturday surgical dressing classes will not meet. The regular classes on the other days will work as usual and further announcement will be made when the Saturday work is resumed.

The ladies of the Catholic church will sew at the Red Cross headquarters tomorrow afternoon.

The ladies of the Christian church sewed at the Red Cross headquarters this afternoon.

## TO GIVE DAMON AND PYTHIAS

K. of P's. Will Present it as Benefit For Willing Workers

"Damon and Pythias" will be presented by the members of the Knights of Pythias lodge on Wednesday evening, one week from tonight, in the Graham Annex for the benefit of the Willing Workers class of the St. Paul's M. E. church. The play has been enacted so well in the lodge work that the men have been asked to repeat it so that the public would have an opportunity to see the presentation of the well known story.

# How to Make Oatmeal Bread

Healthful to Eat—Saves the Wheat

1 cup flour  
1 1/2 cups corn meal  
1 teaspoon salt  
5 teaspoons Royal Baking Powder  
2 tablespoons sugar

1 cup cooked oatmeal or rolled oats  
2 tablespoons shortening  
1 1/2 cups milk  
No eggs

Sift together flour, corn meal, salt, baking powder and sugar. Add oatmeal, melted shortening and milk. Bake in greased shallow pan in moderate oven 40 to 45 minutes.

This wholesome bread is easily and quickly made with the aid of

## ROYAL BAKING POWDER

If used three times a week in place of white bread by the 22 million families in the United States, it would save more than 900,000 barrels of flour a month.

Our new Red, White and Blue booklet, "Best War Time Recipes", containing many other recipes for making delicious and wholesome wheat saving foods, mailed free—address

## URGES RED CROSS TO KEEP UP FULL SPEED

A. F. Bentley, State Director, Wires E. B. Thomas of Need of Steady Shipments

## SAME FAITHFULNESS ASKED

Urging the women of the local chapter to keep up a steady output of hospital garments and surgical

dressings A. F. Bentley, state director of the Red Cross, sent the following telegram to E. B. Thomas county chairman today:

"The Red Cross requests the chapters to continue at full speed the production of hospital garments and supplies and to make steady shipments of finished goods to the state warehouse."

In addition to the appeal of the state director, E. B. Thomas is urging the women to continue their work at the headquarters with the same vim and faithfulness as has been noticed during the winter, de-

spite the fact that the spring cleaning is making its appearance.

"The hospitals back of the battle lines must have a steady flow of supplies coming in to them constantly," declared Mr. Thomas "and with this end in view women must make a sacrifice and arrange their work at home so that it will not interfere with this all important duty which has been placed on their shoulders."

Fresh stock garden seed on sale at front door, Drake's Variety Store 613

# SHOE STOCK WILL BE SACRIFICED - ORIGINAL COST NOT CONSIDERED

The Boston Shoe Company of Philadelphia has purchased the remaining stock of Winship & Denning, including the fixtures and book accounts and are preparing to place this stock on sale beginning **SATURDAY, MAR. 23, 9 a. m.**

Watch for our large ad giving prices of shoes that can be bought for less than cost.

H. G. HACKMAN, Manager The Boston Shoe Co.

## A Style Show

is here every day in the week. This store will have no formal opening, but its preparations to attire you becomingly are thorough and complete.

An Assemblage of Garments That Reflects the Prestige and Resources of this House

awaits you. A visit to the New York market has been productive of an infusion of new style ideas and novel conceits that elevate our offerings above the mediocre. Do you not owe it to yourself to familiarize yourself with this showing?

Foremost among Springtime's offerings are the tailored suits that are youthful, smart and distinctive. Then there are hundreds of attractive coats for afternoon, street, machine or dress wear. The dresses of taffeta, georgette, crepe de chene and foulards are exquisite, and no doubt you will wish one. Among the skirts are those fashioned of the new baronet satin—beautifully lustrous.

Enchanting are the new blouses, bewitching in their gay or subdued colors, and adapted to any use. Our new spring sweaters are receiving a great deal of attention, for they are extremely pretty. Combining the new shades of lobster, turquoise, corn, infantry, rose and Nile with angora collars, they are most appealing.

PAY THIS STORE A VISIT TOMORROW.

## WEEK FOR GIVING BOOKS TO SAMMIES

Country Wide Campaign Being Conducted to Gather Good Books For Camps

### LIKE THE TECHNICAL ONES

During Last Three Days Rushville and Rush County Will Enter Into Campaign

During the last three days of the week, Rushville and Rush county will enter into the nation wide effort which is being made this week to gather and send to the many training camps of the country a million books.

The campaign is a continuation of the one which was heartily endorsed last fall by the government. By this means reading of red blooded stories, good technical works and wholesome books of all kinds are distributed about the various cantonments of the country as well as across the sea, forming a major part in the soldiers' days.

Attractive posters have been received at the public library here and are being distributed about in the business houses of the city, each of which carries a special appeal for good reading material for the soldiers. The Boy Scouts of this city will assist in gathering the books here.

People having books which they wish to donate to the soldiers may place their names on the inside and if there is any special camp to which they desire the book sent, this will be done if the name of the camp is also placed in the book. Books may be taken to the library or if the librarians are notified they will be called for.

The kind of books that soldiers like best is revealed, in general, in the following announcement:

"We are having repeated calls for technical handbooks and textbooks," writes a librarian from Camp Meade. "We want all kinds of engineering handbooks, mechanics handbooks, books on sanitary engineering, and books on all branches of the service. They cannot be too technical to suit the men. You will be interested to know how quickly the newly purchased books are snapped up. Of the six copies of Thompson's Electricity, four are now out and were out within a week after they were ready." The librarian from Camp Sherman says "The Indiana men give a hearty welcome to James Whitcomb Riley's poems, and to Booth Tarkington's 'Gentlemen From Indiana.' The Kentucky boys ask for John Fox, Jr.'s, 'Little Shepherd of Kingdom Come,' 'Trail of the Lonesome Pine,' and 'Christmas Eve on Lonesome.' At Camp Beauregard the writers that seem to be the most popular are O. Henry, Harold Bell Wright, G. B. McCutcheon, Jack London, Chambers, Conan Doyle, Mark Twain, E. P. Oppenheim, Kipling, Poe, Booth Tarkington, Rider Haggard, Dumas and H. G. Wells. This is probably a typical list of authors who are favorites in the camps.

### GET 22 ALLIED PLANES

(By United Press.)

Berlin, March 20.—Twenty-two allied airplanes and two captive balloons were brought down yesterday, the war office announced today.

## Reliable Prescription For the Kidneys

For many years druggists have watched with interest the remarkable record maintained by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder medicine.

It is a physician's prescription.

Swamp-Root is a strengthening medicine. It helps the kidneys, liver and bladder do the work nature intended they should do.

Swamp-Root has stood the test of years. It is sold by all druggists on its merit and it should help you. No other kidney medicine has so many friends.

Be sure to get Swamp-Root and start treatment at once.

However if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention the Rushville Daily Republican.—(Adv.)

## RARE EXPERIENCES DOT LONG CAREER

Dr. Virgil Tevis Writes Numerous Incidents Which He Encountered as "Marrying Parson"

### GRETNA GREENS IN THE SOUTH

Experience Teaches Him to Recognize Couples Wanting His Service at First Glance

The unusual experiences dotting his career as a "marrying parson" are contained in an interesting article by Rev. Virgil W. Tevis of Martinsville, formerly pastor of the St. Paul's Methodist church which appeared recently in one of the state papers.

During his long and successful pastorate here Rev. Tevis became a most popular minister with young couples in quest of someone to pronounce the marriage ceremony and his story of the various manners as well as the various times during the day and night he "had tied the knot" is especially interesting to personal friends of Dr. Tevis here.

To the former local pastor with whom the marriage ceremony has always been regarded with the utmost sacredness and solemnity the apparent lack of understanding with which numerous parties approach the marriage altar was discussed as a subject of discredit to communities in which it exists.

"The bride ordinarily selects the officiating clergyman," stated the Rev. Mr. Tevis, "and if she is religiously inclined insists upon a full ceremony with impressive wording. Ask the groom what manner of service he desires and ninety times out of a hundred he will reply 'Make it as short as possible.'"

Having spent a number of years as pastor of a church in Jeffersonville the "Gretna Greens" existing along the Ohio river where runaway couples are married by the hundred every year were described. The men operating the marriage parlors look on the ceremony merely from the civil standpoint and many of these establishments employ matrimonial runners who meet ferry boats from Louisville and cars from Indiana. They have become such experts in their calling that they are able to spot a couple with matrimonial intent on sight.

During his pastorate in Jeffersonville the Rev. Mr. Tevis stated that he had seen so many couples looking for a minister that now he prides himself upon being able to recognize a couple wanting his service as officiating clergyman "sometime by their hesitating walk, sometime by their blushes and smiles and sometime by the license which the groom carries in his hand."

### POSSIBLE SOURCE OF WASTE

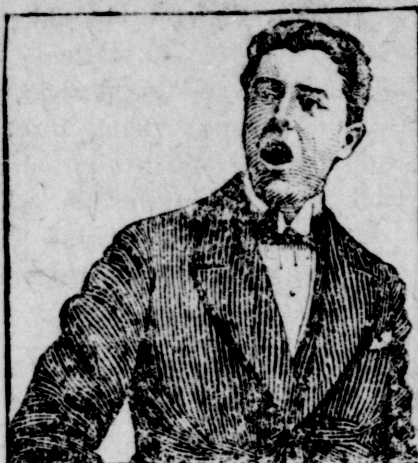

Knightstown Domestic Science Teacher Writes Dr. H. E. Barnard

Miss Gladys Lord, supervisor of domestic science at Knightstown, has called the attention of Dr. H. E. Barnard to a possible source of wastage in food-stuff in the home economics demonstrations being conducted over the state. In reply, Dr. Barnard has questioned the necessity for any considerable waste that practically all material used can be saved for use as food. He also holds that the saving made possible by the application of methods and formulas demonstrated should more than make up for the small loss that might be unavoidable.

### WRITES FROM ENGLISH CAMP

Will McGuire in Letter to D. H. Dean Describes Country

Dr. D. H. Dean received a very interesting letter yesterday from Lt. Will McGuire, dated "An English Camp—February 18." An account of the trip over which he said was "uneventful with no dangers or sight of submarines" was given in the letter. The weather where he is now stationed, although no idea is given as to his location, at that time was about like "April weather at home." He stated they were then under canvas. The roads there, he stated,

## Our Boys in France and Home Protection

The men on the firing line represent the pick of our American youth. One in four of our boys at home was sick, rejected because of physical deficiency. Many times the kidneys were to blame. If we wish to prevent old age coming on too soon, or if we want to increase our chances for a long life, Dr. Pierce of the Surgical Institute, Buffalo, N. Y., says that we should drink plenty of water daily between meals. Then procure at the nearest drug store, Anuric (double strength). The cost is 60c. This "An-uric" drives the uric acid out and cures backache and rheumatism.

If we wish to keep our kidneys in the best condition a diet of milk and vegetables, with only little meat once a day, is the most suitable. Drink plenty of pure water, take Anuric three times a day for a month.

Send Dr. Pierce ten cents for trial package.

Lewis, Ind.—"For a long time I suffered from backache, pain in left side, frequent kidney excretion, bothering me at all times during the day and night, and the uric acid in my blood caused me to suffer from rheumatism along with a constant tired, worn-out feeling. I heard of Anuric and at once began its use. After giving it a good trial I believe it to be the best kidney remedy on the market to-day. I have tried other kidney medicines, but these Anuric Tablets of Dr. Pierce's are the only ones, in my opinion, that will cure kidney and bladder troubles."—HENRY A. LOVE.

## SUIT NEW BUT HOLE IN SHOE

Bad Teeth Like Bad Shoes Spoil Fine Dress and Good Looks

PEOPLE NEGLIGENT IN CARE OF MOUTH

Senreco Tooth Paste Powerful To Save the Teeth and Prevent Diseases

"All dressed up with a hole in his shoe" was a bit of sarcasm a girl sung at a young man friend whose entire outfit was new except his punctured shoes. Right enough, too. Either to man or woman a shabby pair of shoes would spoil the appearance of the most elegant garments ever worn.

What about the teeth? Dress in all the finery you please, if you open your mouth exposing a decayed set of teeth your attractiveness ends right there. That's a hole in the shoe for you. This applies both to men and women. Girls, and young men, you lose half the admiration which would be directed toward you if you have bad teeth. You can't be pleasing with a mouthful of decay. You can't be healthy either. The condition of the teeth have a telling influence on other organs of the body. Bad teeth affect the intestines, stomach, heart, and even the eyes. Medical science shows that bad teeth produce unhealthy conditions all over the body.

With Senreco Tooth Paste at your service—a scientifically prepared preventive of decay—there's no need of falling a prey to these ills. No need of having a mouthful of decayed teeth. Used regularly on a set of good teeth the deadly germs have little chance to enter. If they should enter they can't exist long under its thorough cleansing properties. As a cleanser and preventive of disease of the teeth it is positively reliable. Advanced cases should be treated by your dentist.

Use Senreco Tooth Paste as a preventive. Ask your dentist if you should not pay all attention to your teeth. Of course we won't say our Tooth Paste will cure pyorrhea. If you already have it, your dentist is the doctor. Even if you are afflicted with his terrible disease Senreco Tooth Paste will help you to get rid of it, with your dentist's assistance. But we don't want you to contract any ailment of the mouth and teeth, nor does your dental doctor. A preventive is far better than to have to go through the trials of a cure. Save your teeth by Senreco Tooth Paste and the probability is that you won't have to deal with foul and painful diseases. By taking excellent care of your teeth you may save stomach, intestinal, heart and eye troubles. Take all precaution to keep the teeth clean and do it with Senreco Tooth Paste, the latest discovery of dental science. Sample of Senreco paste if you wish it. Senreco Tooth Paste, Cincinnati, Ohio.

## U. S. MUST REDUCE ITS WHEAT CONSUMPTION

Allied Cereal Shortage Growing More Critical—German Food Prospects Better

### ENGLISH MEAT SHORTAGE

Indianapolis, Ind., March 20.—To heels of authentic report that German food prospects for this year are improved over those of 1917 there are outstanding indications that the cereal shortage facing the allies is little short of critical.

Reserve wheat held in American mills and elevators show a loss of 20 per cent from last year and approximately 60 per cent from 1916. The United States today is shipping only 50 per cent of the wheat that the allies need.

Pending the new crops, the people of this country must reduce wheat consumption to the point where it is only about half what it was in every home before the war.

To make up for the allied wheat lack food administration officials are trying desperately to relieve the great meat shortage in England. Shipments for March will increase 50 per cent above those for February.

## SEEKS TO ELIMINATE COMPLAINT OF COAL

Fuel Administration Will Watch Coal at Mines and in Cars During Summer

### MAY CONDEMN COAL CARS

(By United Press.)

Washington, March 20.—On the eliminate much of the "dirty coal" which caused a great many complaints from consumers during last winter the state fuel administration today had investigators watching coal at the mines and in cars.

Clinkers, stones, dirt and other burnable material, which has been found in coal in large quantities during the last few months will be ordered removed by investigators wherever it is found.

If the investigators find coal in any part of a mine, which appear to be naturally unfit for market they may order the mining suspended in those parts.

Investigators also are authorized to condemn at the mines any coal loaded in railroad cars which, in their judgment has not been properly prepared. The cars in such cases will have to be unloaded and the coal reprepared.

## "THE FARMER AND WAR"

Talk by G. I. Christie Billed For Connersville Meeting

Farmers from this county are urged to attend the meeting which will be held in the Auditorium at Connersville on Thursday afternoon at 2:30 o'clock, March 21. The meeting will be addressed by G. I. Christie, state food director, who will speak on "The Farmer and The War." Mr. Christie tells the man behind the plow to back the man behind the gun, and shows practical ways to do so.

The Food Administration Says:

LET US REMEMBER:

That every flag that flies opposite the German one is by proxy the American flag, and that the armies fighting in our defense under these flags can not be maintained through this winter unless there is food enough for them and for their women and children at home. There can only be food enough if America provides it by the personal service and patriotic co-operation of all of us.

## FUND IS ABOUT COMPLETE

\$500 Almost Raised to Get a County Agent Here

Rush county is practically assured of procuring a county agent for the fund of \$500 which was necessary to raise and add to the state and nation's appropriations has been almost completed. Contributions for the fund are still being received at the People's National Bank. Appropriations are allowed by the nation and by the state for each county to pay the salary of an agent. When the fund of five hundred dollars is completed by popular subscription, the county council is asked to appropriate a certain amount which in addition to the contribution of five hundred dollars will pay other expenses.

## COUNCIL HAS NO PANACEA FOR THE BLACKBIRD EVIL

Continued From Page 1

been planted too close together and it was suggested that an old ordinance be amended to provide shade trees should be planted at least 300 feet apart. Some objections to this scheme were advanced because property owners with a 40-foot frontage might plant two trees which would be closer than 30 feet to his neighbor's.

The question of allowing members of the police force one day off a week was put up to the council by the police committee and it was decided the committee and the mayor could work out this problem to their own satisfaction.

Mayor Irvin suggested that it was about time for a spring clean-up day and it was decided to find out what had been the policy in the past as to the time to observe the day.

Passage of the street oiling resolution was postponed until the next regular meeting because the resolution had not been properly drawn up. It is indefinite as yet whether oil can be procured.

The bill for the signal light to be placed on top of a building here to act as a guide to student aviators flying between Wright field, Dayton, O., and Chanute field, Rantoul, Ill., was received and presented to council last night. It is \$68, which was according to the contract. The claim was not allowed until the apparatus can be inspected.

Deputy Sheriff Will Spivey returned Orville Byrde to the insane hospital at Madison Tuesday. Byrde had been out on parole but the authorities found it necessary to take him back to the asylum.

## Mothers--This Child Was Cured of Bed-Wetting

Mrs. C. W. Peters, Lancaster, Pa., writes: "My six-year-old girl has wet the bed since she was a baby. I found no relief until I tried your sample of Foley Kidney Pills. I saw they were helping her, and bought two bottles of my druggist and she is altogether cured. Thanks to Foley Kidney Pills for the benefit I have found in them, as it takes a lot of washing off me. I have told a number of mothers since I found the cure."

Parents no longer scold or punish a child for bed-wetting. Instead, they improve the little one's physical condition, until the annoying and mortifying act is done away with.

A few simple rules aided by the use of Foley Kidney Pills will stop any ordinary case of bed-wetting that is not caused by obstruction or malformation of the parts. They are safe to take and absolutely free of harmful drugs. Foley & Co., 2835 Sheffield Av., Chicago, will send their leaflet on bed-wetting to any one asking for it.

F. B. Johnson.

## How Hull's Superlative Makes Rich Red Blood and Builds Vitality

Professor Cloyd M. Reeg, Noted Analytical Chemist Proves Health-Value of the Famous Hull's Superlative is Based on Facts.

Friends of Hull's Superlative in Rushville will be interested to know that the sale of this preparation is growing bigger every day. People who have tried it are so greatly benefited that they tell their friends who are sick or ailing and get them to try it.

Professor Cloyd M. Reeg, the noted analytical chemist, connected with the Findlay College, states that Hull's Superlative is not a drug poison, but is composed of seven roots, barks and one berry, and it is this highly concentrated extract that holds in liquid suspension the invaluable salts and minerals so important to the human body and even to life itself.

"Because of these facts," says Professor Reeg, "Hull's Superlative occupies a unique position in its relation to the health of mankind. It is not a medicine but rather a blood and tissue food and vitality-builder of undoubted worth, and its use will do much to promote health and strength that makes for efficiency."

It is nature's great helper in time

of need, and a short course treatment will eliminate sickness from the body, for once the blood and tissues contain their proper balance of salts and minerals there can be no sickness.

Sick nerves, an upset stomach, deranged kidneys, bladder, bowel trouble and like ailments soon vanish when a course of treatment with Hull's Superlative is begun. Coughs, colds, and grip, tonsillitis and other contagious ailments are quickly routed by Hull's Superlative, for once the tissues and blood are receiving their proper nourishment good health is sure to follow.

Every bottle of Hull's Superlative is sold on a positive money-back guarantee. If after taking part or all of one bottle the customer does not think he has been helped all he needs to do is return the partly filled or empty bottle to the druggist and get his money back. This should be sufficient guarantee to induce every man and woman sufferer who reads this paper to try Hull's Superlative.

For sale by all druggists.—(Adv.)

## Something Doing In Rushville

Mr. G. A. Metzger, representing the LUTHER GRINDER MFG. CO., of Milwaukee, Wisconsin, is holding a special sale and demonstration of tool sharpeners, at A. GUNN HAYDON'S HARDWARE STORE all this week. The way they were advertised on the street Monday they sure must be some grinders. Metzger invites to people to bring in their dull knives and scissors which will be sharpened free of charge.

No Sharpening Done for Children or Servants.

Come Early and Avoid the Rush.

## The Anker-Holth Cream Separator

is the only Separator on the market that has a SELF BALANCING BOWL and has no lead or soft solder on the inside in order to perfect a BALANCE, which you will find in other makes of Separators. The bowl is guaranteed to stay in balance the life of the machine. The Bowl is Self-draining which makes it non-freezing in cold weather. It is easy to turn and easy to clean, and can be washed in one-half the time you can wash any other Separator.

The Anker-Holth has no oil holes or feed cups. It is oiled by an up-to-date oil system; you only put oil in every 60 or 90 days. The ANKER-HOLTH will skim closer than any other Separator on the market today, which has been proven by tests with other leading Separators and tested by the Babcock cream tester. It is the only Separator with a dirt chamber that removes all impurities from the whole milk before it enters the discs for cream separation.

The Anker-Holth is a High-grade Separator at a Medium Price.

Call and See the Separator and Get Our Prices.

### PUT CREAM IN NOSE AND STOP CATARRH

Tells How To Open Clogged Nostrils and End Head-Colds.

You feel fine in a few moments. Your cold in head or catarrh will be gone. Your clogged nostrils will open. The air passages of your head will clear and you can breathe freely. No more dullness, headache; no hawking, snuffling, mucous discharges or dryness; no struggling for breath at night. Tell your druggist you want a small bottle of Ely's Cream Balm. Apply a little of this fragrant, antiseptic cream in your nostrils, let it penetrate through every air passage of the head; soothe and heal the swollen, inflamed mucous membrane, and relief comes instantly. It is just what every cold and catarrh sufferer needs. Don't stay stuffed-up and miserable.

Your 1918 auto license is ready for you. Louis Hiner, at the Republican office.

WEBSTER'S MULTICOPY Carbon paper is sold by Louis Hiner.

## WHEAT CONSERVATION HITS PAPER HANGERS

Decreases That Paste May be Made From Only the Lowest Grade of Wheat Flour.

### ALTERNATIVE MAY BE USED

Indianapolis, Ind., March 20.—Paste used for hanging wall paper must be no better than number 2—a very low grade of wheat flour, which is unfit for bread making. This statement comes from Dr. Harry E. Barnard, federal food administrator for Indiana, and is intended to answer a timely question, which has come to him frequently in anticipation of the house cleaning season.

Paper hangers always used white wheat flour for paste making, for the reason that they have never been able to secure satisfactory results with any other ingredient. However, the present wheat flour situations necessitates the use either of this very low grade of wheat or some alternative, Dr. Barnard asserts, for wheat flour fit for bread making is entirely too precious for such use at this time.

## ABSENCE OF PLANES ON WESTERN FRONT

Is Displeasing to General Pershing Who Was Promised Several Hundred by April 1

### NO U. S. PLANES ON OUR FRONT

(By United Press.)

Washington, March 20.—General Pershing is understood to be far from pleased with the results so far obtained by the signal corps in its airplane program.

There are no American airplanes over our front in France.

The expeditionary forces depend to a great extent on the French fliers, although a number of American aviators have been in the air in French machines.

General Pershing has been promised several hundred machines by April 1 but thus far only a handful has been delivered and apparently not any more will be shipped abroad before the end of the month.

## GROUND SCHOOL AT PURDUE

Will Turn Out 500 Aviators Every Sixty Days

(By United Press.)

Lafayette, Ind., March 20.—Word was received by Dr. W. E. Stone President of Purdue university that the war department has accepted a contract with the university for establishment of a ground aviation school at Purdue.

The university will house the men and feed them in lots of 500 and it is planned to turn out 500 trained men every 60 days after April 1. They will be housed in the Purdue Armory and a mess hall will be built.

### WORD FROM FRANCIS.

(By United Press.)

Tokio, March 20.—United States Ambassador Francis, with a party of 36 Americans, Japanese and Chinese passed Omsk on March 9 headed for Harbin, according to advices reaching here today

### NO NEW U. S. OBJECTIONS.

Washington, Mar. 20.—The United States interposed probably no new objection to Japanese proposals for intervention in Siberia.

**CHEST COLDS** may mean weak lungs and need more thorough treatment than mere syrups, physical or stimulants.

## SCOTT'S EMULSION

## 15 WORKLESS DAYS TO FARM

Non Essential Industries May Have to Give up Labor

(By United Press.)

Washington, March 20.—Fifteen workless days in all non-essential industries to release men for the farm planting is advocated by Assistant Agricultural Agent Oustley.

Oustley told that it might be necessary for the government to take over farming work before we won the war although he hopes such steps would not be necessary.

It Must be Here Since  
The Men Are Blossoming  
Out in Their Straw Lids

Although signs of the spring-time have been in the air and constantly placing themselves before us for several weeks, the first sign of summer, which bids fair to appear in our midst somewhat earlier than usual this year appeared on the downtown streets yesterday when residents of the city—of the masculine gender—made their first 1918 appearance wearing straw hats. It is difficult to judge a season by the attire of women who, when fashion so decrees, wear furs and felt hats in August and straw hats when the snow is still on the ground but when the more conservative man dons wearing apparel of a certain season, the season usually is here or at least on the way, due to make its appearance shortly.

## EARLY MARCH HAS LARGE TRANSFERS

Farm Land Sales Were Very Large  
—Pleasant A. Miller Farm Goes for \$35,095

FOUR OVER TEN THOUSAND

Total Considerations for the Month Amount to \$137,600.70. Which Is Unusually Large

The first two weeks of the month of March was marked by some of the largest estate transfers of the year. The deals in the selling of farm land were especially large, the largest transfer being the farm of Pleasant A. Miller in Rushville township, containing more than 212 acres of fertile farm land, which sold for \$35,095.50.

Four of the other sales were in figures which ran in advance of the ten thousand dollar mark and three were between five and ten thousand dollars.

The total sales for the period, where considerations were given amounted to \$137,600.70, which is unusually large for a half month. The transfers follow:

Consumers Gas Co., to Lycurgus P. Stamm part of lot 58 in Smith and Carr addition to Rushville for one dollar.

Albert J. and Millie A. Reddick to John M. Hafford 58.31 acres in Posey township for \$8,746.50.

James L. and Dorothy Brown to John M. Hafford 21.69 acres in Posey township for \$3,253.50.

Ola V. and Joseph A. Robertson to Ora S. and Stella Siler 80 acres in Ripley township for \$11,000.

East Hill Cemetery company to Omer P. Mull lot 92 in section ten of the cemetery for \$150.

Dalton R. and Grace R. Powell to James and Laura O'Neil 3.52 acres in Rushville township, \$9,139.20.

James and Laura O'Neil to Dalton R. and Grace Powell lots four and five in the Payne et al trustees addition to Rushville, \$1,500.

Pleasant A. Miller to Lesley B. Brown 212 7/10 acres in Rushville township, \$35,095.50.

Hiram and Harriet Whalen to Wil-

## Headaches Are All Gone Now

Indianapolis Woman Tells How Tanlac Built up Run Down System

Like lots of other women Mrs. Philip Johnson, 613 North Senate street, Indianapolis, used to have headaches and felt bad. But, Mrs. Johnson says she feels as well as she ever did in her life since she took Tanlac and got her system back in shape.

"My stomach was out of order," Mrs. Johnson said. "Sometimes my appetite was so poor that I didn't want to eat anything at all and the little I did eat caused gas to form in my stomach."

"I was nervous too, and all run down and I had headaches a great deal of the time."

"I tried lots of medicine and some of them helped me while I was taking them but as quick as I stopped taking them I got to feeling bad again."

"I heard so much about Tanlac that finally I decided to give it a trial."

"Tanlac surely has helped me. I began to improve while I was taking the first bottle and after taking the second bottle I felt as well as I ever did in my life."

"My stomach is back in good shape now and I never have trouble after eating like I used to. The headaches are all gone, too, and my health in general is much better."

Tonic time is here. Thousands of men and women take Tanlac each spring to get their systems back in shape after the winter's hardships. Do you feel tired and draggy? If you do, take Tanlac and prepare to enjoy the summer. You can get Tanlac at F. E. WOLCOTT and leading druggist everywhere. -Rushville, Ind.

Try Tanlac Rheumatism Treatment for rheumatism. It is the radium treatment that you are hearing so much about. You can get it at any good drug store where you get Tanlac, the famous tonic.—(Adv.)

Ham and Lucinda Clark parcel of land in Circleville, Rushville township, \$800.

Nancy E. Ging to Charles C. Markle 90 107/1000 acres in Union township for \$12,600.

James L. and Dorothy Brown to John M. Brown 80 acres of land in Posey township for \$14,000.

George and Anna Shaw et al to Martha J. Parker lot 24 in Earl City, \$550.

Lettie Woods to Maude and Earl M. Woods interest in 2.81 acres in Posey township, \$1.00 and other considerations.

Charles H. and Mary Newsom to Theodore Sampson et al. lots 99 and 100 in the Henley and Clark addition to Carthage, \$274.

Theodore Sampson et al to Otto McCarthy lots 99 and 100 in Henley and Clark's addition to Carthage, \$260.

## SHORTAGE OF SUGAR HITS SODA FOUNTAINS

War Comes Home to Coca Cola Fiends When Their Orders Cannot Be Filled

ONE FOUNTAIN HERE WAS OUT

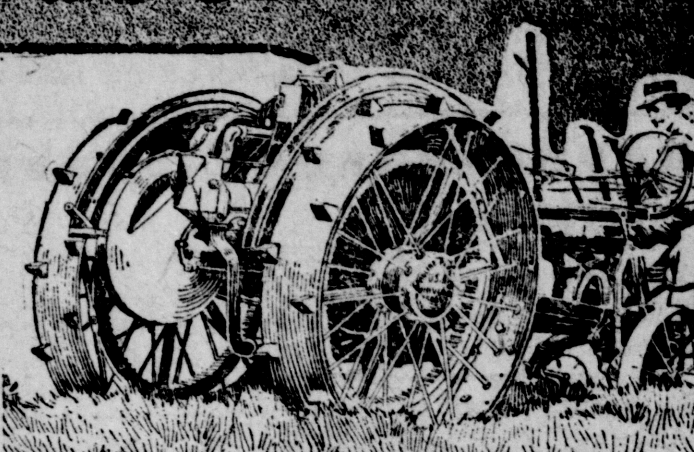

The assurance with which frequenters of local candy kitchens have been wont to demand various soft drinks is lacking during these days of extreme sugar shortage and instead of placing their order with the confidence of immediately having it placed before them, they have learned to ask for their drink with a rising inflection.

This is especially true with Coca Cola. Because of the inability of manufacturers to obtain a sufficient amount of sugar the output of Coca Cola has been cut to such an extent that with some retailers the orders have been cut entirely. For the first time in many years one of the Rushville candy kitchens exhausted its supply of the popular drink, last week and was not replenished until a S. O. S. call was sent out to one of the branch establishments.

## 20,000 LOST IN BATTLES

Petrograd, March 20.—Twenty thousand casualties have resulted from the civil war which has broken out in Turkestan between the Soviets and the natives, according to dispatches received today. Fierce battles are raging.

# Fits Your Farm

## Does All Farm Work Without Horses

See for yourself how well the Moline Universal Two-Wheel Tractor FITS YOUR FARM. It cultivates as well as plows. It works on plowed ground without packing the soil. It is as easy to handle as a team of horses. It gets close into the fence corners, turns short and backs with tools attached. It is a real one-man tractor. You ride on the tool where you can see the work you are doing. You don't have to have someone run the tractor while you operate the farm implement, and finally, it DOES ALL FARM WORK WITHOUT HORSES.

## Costs Less Than 4 Horses Does the Work of 7 Horses

With all the advantages named above the Moline Universal Two-Wheel Tractor is also low in first cost and very inexpensive to operate. It costs you less than 4 good horses. When it comes to pulling it has the power of 5 horses and because it travels faster and never tires, it will actually do the work of 7 horses.

# MOLINE 2 WHEEL UNIVERSAL TRACTOR

will do anything you can do with horses and do it quicker, easier, better and with less hired help. Because all its weight is on two wheels—it has no dead weight to carry. All its weight is traction weight. It throws all of its weight into the pull. The tool you hitch it to forms the rear wheels. This gives two big advantages. FIRST: It does away with almost a ton of needless weight—which tractors of the 3 and 4 wheel types require. SECOND: It enables the operator to ride the tool instead of the tractor. In this way you can watch the work closely. You can turn short, get closer into fence corners than you can with a team and back with tools attached.

If you have an average farm of from 80 to 300 acres you will find this one-man, two-wheel, all-purpose tractor ideally fitted for your work. Don't buy any tractor until you have investigated the Moline Universal.

## Walter G. Duke

Phones 1592-1150 Rushville, Ind.

THERE is no other corn planter in the world like the J. I. Case. It's the remarkable planter that drops 20 more perfect hills out of every 100. Thus in this way adds 7 bushels per acre to your corn crop. That increases your profits \$350.00 for every 40 acres you plant. We invite you to call and see this planter. See how it will actually pay its cost several times the first year you use it.

Come into our store any day and we shall be glad to demonstrate this machine. We want to show you the polished beveled plates, the two cut-offs, the drive from the main axle, and a host of other features. But best of all we want you to see right here a proof of accuracy in planting that will surprise you—it will do the same thing on your own farm.

## PLEDGE SUPPORT TO PRES. WILSON

Republicans of District Endorse Senators and Congressman at Meeting.

### CHANGES IN PRIMARY LAW

Soldiers in This Country May Vote Although Those in France Can Not.

Discussion of changes in the primary and registration laws and of the new absent voters law occupied the attention of the republican county chairman and other workers of the sixth congressional district here today. The meeting was held this afternoon at the office of County Chairman Fon Riggs.

L. W. Henley, secretary of the state committee, explained the changes in the two laws and the provisions of the statute which will allow all soldiers in this country to vote. The meeting was then opened to a discussion of problems of organization growing out of these laws.

Resolutions were adopted pledging the loyal support of the republicans of the sixth district to President Wilson, endorsing Senators Now and Watson and Congressman Elliott for their efforts in the prosecution of the war, praising Governor Goodrich and the state administration and urging county chairmen and other workers in the district to see that soldiers in this country get the opportunity to exercise their right of franchise.

Secretary Henley emphasized that there are four ways of registering under the law as amended by the last legislature: by appearing before the registration board which will be in session at the court house, sending the blank filled out and acknowledged before a notary public to the board by mail or by messenger, or depositing the blank properly filled out and acknowledged with the primary election board on May 7.

He also laid stress on a change in the primary law which prohibits any appointive or elective officer from sitting on the primary or general election board. This includes the precinct committeemen as well, he said.

Secretary Henley pointed that through an unfortunate wording in the amended registration law, it would be impossible to register any soldiers in France, which would make it impossible for them to vote, because the law states the registration blank for absent voters shall be on file within fifteen days after it is forwarded to the voter. However, it will be possible to register and cast the votes of all soldiers in this country and the secretary urged upon the county chairmen the necessity of seeing that all of them have the opportunity to cast a vote.

County Chairman Riggs "extracted" a quarter from every visiting republican. He made a little speech explaining the effort Rush county is making to get out a war history and every one of them "came across" with the "two bits" and placed their name on the dotted line so they would receive a copy.

Among the score or more of visitors for the meeting were: Judge Fred C. Gause, Sheriff Harlan Pressnell, Mayor George A. Elliott, County Chairman Rufus Hinslaw, Thomas B. Mullan and P. J. Lynch, candidate for reporter of the supreme court, all of Newcastle; Solon A. Bales of Danville; and F. M. Thompson of Versailles, both candidates for appellate court judge from the first district; Secretary of State Roach and L. W. Henley of Indianapolis; District Chairman Walter Roberts and County Chairman O. P. Harbust of Liberty; County Chairman E. Ralph Haddock and Miles E. Moffitt of Columbus; Cecil Dague and L. M. Bingham, editor of the Porter and the Rushville Republican.

## TIME TO FILE EXEMPTIONS

Property Owners Have Until May 1 To Take Advantage of Law

The county auditor's office is calling attention to the fact that now is the time to file mortgage exemptions in order to take advantage of the law in paying next year's taxes. Evidently many persons have forgotten to file their exemptions for very few have been placed on file. The law allows an exemption up to \$700 provided that sum is not more than half of the assessed value of the property. Exemptions may be filed until May 1.

## 139TH PULLS DOWN RIFLE RANGE RECORD

Qualifies Fewer Men at Camp Shelby But Their Average in Tests is Much Higher

### LOCAL BOYS RESPONSIBLE

Rush county boys of the One Hundred and Thirty-Ninth Field Artillery, of which there are several scores in training in the Mississippi camp, along with the other batteries of the regiment proudly marched back into camp today with flying colors, bearing the record of the rifle range. The regiment has excelled all others that have yet shot at the range and during the last month wrestled the record from the 152nd Infantry where it had rested for a short time.

Rushville boys—boys of old Company B—are responsible to a great extent for the honor which has been placed within the ranks of the 139th, as the records show that the battery containing local soldiers holds the highest rapid fire test. The 139th qualified fewer men than any of the other regiments previously at the range but their average in the tests is much higher than in any of the other regiments.

"It isn't only that we want the camp record, which of course is an honor," wrote a Rushville boy a few days ago from the range, "but we want to become number one soldiers so that our practice here will enable us to do some effective work in getting 'William Kaiser' and his bunch."

## BAKER TAKES SQUINT AT NO-MAN'S LAND

Secretary of War Goes Into Front Line Trenches in France Held by Yankees Today

### SHELL BURSTS NEAR HIS CAR

(By United Press.) American Army in France, March 20.—Secretary Baker was in the front line trenches under shell fire today scanning No-Man's land from a listening post.

"Now I'm at the frontier of freedom," enthusiastically stated Baker. Returning from the trenches a German shell burst within 40 yards of his automobile.

While he was in the trenches allied airplanes wheeled over him despite heavy fire from German anti-aircraft guns.

The secretary called on Capt. Archie Roosevelt and other officers at the hospital. He praised Roosevelt for bravery.

The first men to receive the new American war decoration for heroism were Lieut. U. M. Greene, of the field artillery and Sergt. William Norton and Pat Walsh. All received the distinguished service cross.

## RIPLEY STARTS THE WAR MACHINE

First Township in County to Perfect Organization For All War Work

### OTHERS ARE IN THE MAKING

Plan of Dividing Township by Sections Suggested by Executive Committee

Ripley township is the first township in the county to report a complete organization to the executive committee of the new county war organization. The appointments of leaders for each district in the township have been made by the township committee, which is a part of the war organization, and which consists of R. H. Hill, M. F. Lovett, Mrs. R. H. Hill and Miss Winona Newsom.

The plan suggested by the executive committee was followed there and is the basis on which the township committees all over the county are working toward the completion of their framework for a permanent war working machine. The executive committee suggests that the township be divided up by road or school districts, as is most convenient, and that a person or persons be appointed to head this district.

They will work under the township committees and the township committees will be under the direction of the executive committee. Any word received by the executive committee or order made by them can in this way be conveyed to any or every part of the county in a short time. When the entire county is organized, every part of the county will have a war worker which will head or select a head for war activities in the future.

The committee of three or four has been chosen in every township. Many of these have chosen their chairmen and secretaries and others have divided the work of Red Cross, Liberty Loan and Y. M. C. A. under the heads of the committee, giving one activity to each person. The plan of the organization is that this committee will head all such activities or select a capable person to do so.

Ripley township has been divided into districts with the following leaders:

Northeast quarter section, county, Mr. and Mrs. Harry Leisure.  
Northeast quarter section, town, Mrs. Clyde C. Henley.  
Northwest quarter section, county, Mr. and Mrs. Cassius Gray.  
Northwest quarter section, town, Mrs. E. H. Hill.  
Southeast quarter section, county, Mr. and Mrs. Harry Leisure.

## SENATOR WATSON ORDERS 40 BOOKS

Compliments Highly in Letter Idea of Putting Out War History of County

### IS PROUD OF RUSH COUNTY

Says It Will Be Source of Pleasure to Relatives and Friends of All Soldiers

A decided impetus was given the interest centering around the Rush county war history which is being compiled and the sale of books by the letter from Senator James E. Watson complimenting the idea and enclosing a check for ten dollars for forty books, which the senator wishes to pass around to his friends. Several other large orders have been received by Rush county citizens both here and out of the state who are proud of the patriotic zeal of their home county.

The letter which A. L. Riggs received from Senator Watson reads: "I am both surprised and delighted in the comprehensiveness of the work undertaken in the publication of the Red Cross war history. The volume will be a source of historical information for generations to come. It will be treasured by all those who have made sacrifices for the country's sake and it will certainly be a source of genuine pleasure to the relatives and friends of the soldier boys in all our great land."

"Every loyal son of Rush county should be proud of the record she has made in the present contest. She has come over the top in every phase of war activity and her patriotic zeal is surpassed by no other people anywhere in all this broad land."

"It is a source of gratification to me to know that I live in such a county and among such a people and you may be sure I am pleased to add my mite to a historical volume that will preserve this priceless record to coming generations."

"I am enclosing a check for ten dollars for which please send me forty of the books. I will be proud to pass them to my friends here and tell them it is from my home county."

### BOY ENROLLMENT WEEK

Indianapolis, Ind., March 20.—A campaign was being conducted throughout Indiana today for enrollment of youths in the United States Boy's Working reserve. The boys were registered for farm labor during the coming season. The campaign will continue throughout the week.

## Council Has No Panacea For The Blackbird Evil

Resolution From Woman's Council Urging They be Driven From City is Tabled

### SHADE TREE QUESTION RAISED

City council decided last night it did not have any panacea for the blackbird evil and tabled a resolution presented by the Rushville Woman's council asking that they be driven from the city because they are a nuisance and cause unhealthy and unsanitary conditions. Members of council admitted that black birds are all that the women said they were, but they could think of no way of getting rid of them. In the spring they begin nightly raids on the city, disturbing the summer of law-abiding citizens.

use a shotgun on them or station someone in every shade tree where they spend the night and shoot them away."

In addition, the Woman's council resolution advised that a means be found to eradicate the black birds, which would not destroy or injure other birds, also that property owners who cut down beautiful shade trees be compelled to plant new ones.

Members of council reported they knew of no instances where good shade trees had been cut down. They said there were some cases where people had been cut down but that they had been planted in place of them. They declared the great trouble with the black birds was that they would not plant trees and had every man and woman in the city

## BOYS ARE PAYING PLEDGES

Practically All Y. M. C. A. Subscriptions Will be in by April 1

By the first of April all of the Y. M. C. A. pledges will be paid among the high school boys if the payments continue to come in as regularly during the next two weeks as they have done in the past two weeks. The number has been reduced greatly and at the opening of each morning and afternoon session of the school boys appear at the superintendent's office with partial payments on their pledge. Harold Titsworth paid his pledge in full today.

## M. E. FOLEY, LAWYER, HEADS STATE COUNCIL

Indianapolis Man Appointed Chairman to Succeed Will Hays By Governor.

### LABOR QUESTION SETTLED

(By United Press.)

Indianapolis, Ind., March 20.—Michael E. Foley, a leading attorney of Indianapolis, was today appointed chairman of the Indiana state council of defense by Governor Goodrich. Foley succeeds Will Hays who resigned when he was named national chairman of the Republican party. Foley is a democrat.

Foley has represented the Terre Haute, Indianapolis and Eastern Traction company for several years. His home was formerly in Crawfordsville.

The question of a state labor director which has been before the council for many weeks was settled today. W. C. DeMisser of Washington, D. C., was named director of labor for the state, with Ross Lockridge of Ft. Wayne as associate director. It is understood that Lockridge will have charge of most of the work in connection with the office.

M. E. Foley addressed a patriotic meeting here last summer and is well known in Rushville.

## RECEIVES NO NEWS ON THE CALL OF APRIL 3

Army Selection Board is Without Instructions Regarding Latest Troop Movement Order

### LOWELL CLOUD IS RELEASED

The county army selection board today had no word from the state conscription agent concerning the call for men to supply the increment which will start to camps April 3 and continue for ten days. One impression is that the call is for ten percent of the current quota and another is that it is for the remainder of the quota. Neither is it definitely settled where they will be sent.

The board announced today that Lowell Cloud, the only farmer picked to go with the ten percent increment in the troop movement starting March 29, had been released and would not be called at this time. The board had instructions not to send any men assiduously engaged in farming, but was under the impression that Cloud worked; out by the day and was not contracted for the season because he was in class one and was expecting a call to the army. The board has learned, however, that he is a faithful worker on the farm and cannot very well be spared by his father. Word has been received that only eleven men are wanted and the board picked twelve so Cloud can be left out without calling another.

## LAST OF GOOD SEED CORN IS BEING SOLD

About 100 Bushels Will be Disposed of at Auction on Chris After Farm Tomorrow

### A SCRAMBLE IS EXPECTED

Many Farmers Find After Testing Corn That Supply is Shorter Than They Thought

About the only good seed corn in the county which is for sale will be disposed of at auction on the Chris After farm near Gowdy tomorrow and as a result there is expected to be a scramble by farmers to get some, because the seed corn shortage seems to be growing worse every day. (About 100 bushels will be sold.)

The government has advised against profiteering in seed corn causing high prices to be paid for it, but when it is so scarce and it is sold at auction, there is certain to be high prices paid for it.

At other sales this spring seed corn has sold all the way from \$10 to \$20 a bushel. In a few instances it has been first come, first served and some farmers who bid in seed corn did not get any. At the Henderson sale a few weeks ago the corn sold was in a crib and farmers helped themselves to it as best they could. Since that time farmers having seed corn to sell have been advised to sack it so that when a man bids in a quantity, it can be delivered to him on the spot.

The response to the government's plea to "weed out" slacker ears by testing all seed corn has proven to many Rush county farmers who thought they had their supply of seed, that in reality they are very short. Many persons too who have been resting confidently on the tests they have given the corn by means of cutting off the tip of a grain or two from the ear have found by proper testing that the tests had proven false in many cases when not given in the proper way.

Not long ago, Ed Chambers took 10 fine looking ears of corn to the office of the county emergency demonstration agent in the court house asking that they be tested. Of the ten ears, four showed that 5 out of the 6 grains tested would germinate; one showed that none of the six grains would germinate; two showed two out of six would germinate. This one test proved as many others have what farmers are liable to find in their new supply of seed.

Another farmer who makes his home here in Rushville was taking a shorter method of testing his corn by cutting off the tips of the grains and using all of those that did not have black on the tips. By this method he had found enough grains to fill a small bucket which he thought would make good seed. He was induced to have them properly tested by the county emergency agent and of the eighteen that were tested only three would germinate.

Continued on Page 4

## Card Misaddressed To Rushville, India, Reaches Here After 4 Months in Mail

Four months time for a card to travel from Butte, Montana, to Rushville, Indiana, is quite a time, but that is just the length of time it took for the postal that John Crawley sent to Joe Williamson while going through there. Of course, it wasn't all the fault of Uncle Sam, but partly the fault of the man who addressed it. It was addressed to Rushville, India, and sent to India. The card bore postmarks of Bombay and other parts of India and a censor's mark. It was only addressed in pencil but succeeded in finally reaching its destination after a trip of many thousand miles.

## SCHOOLS TO BOOST ENROLLING OF WOMEN THE THRIFT SALES WILL BEGIN APRIL 19

Children Will Canvass The Town in Effort to Sell Government Thrift Stamps

MERCHANTS TO ADVERTISE

Committee of Women to be Appointed to Help—Plans Made at Meeting

Rush county school children have been enlisted as salesmen for the government Thrift and war savings stamps. The plan to ask the young people to aid in increasing the sales was made at the meeting of the county Thrift stamp committee held with the chairman, John A. Titworth last evening. Mr. Titworth addressed the high school pupils this afternoon explaining how the stamps were sold and dwelling upon their patriotic duty to aid in procuring a loan for the government in this way.

Although the plan has not been entirely completed, it is probable that Rushville will be divided into districts and assigned to the school children who will visit each home in their district, asking that the stamps be bought. The pupils who are agents will also solicit sales among the school children.

The advertising campaign will be furthered in several means, one by asking merchants and business men who advertise in the county papers to run little squibs in their ads urging the readers to buy the stamps.

In the near future, a committee of women will be appointed by County Chairman Titworth to aid in the sale of the stamps. Superintendent J. H. Schell and Prof. S. F. Stewart have been appointed to head the campaign to be conducted by the Rushville School children and County Superintendent George has already started the sales through the schools over the county.

The township committees were also asked to report in the very near future the name of a person for the Home Service committee of Red Cross. Ripley township has chosen S. L. Newsom for this committee. V. H. Hill is chairman of the township committee and Miss Winona Newsom is secretary.

## KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young — to do this you must watch your liver and bowels — there's no need of having a sallow complexion — dark rings under your eyes — pimples — a bilious look in your face — dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that exuberance of spirit, that natural buoyancy which should be enjoyed by everyone, by toning up the liver and clearing the system of impurities.

You will know Dr. Edwards' Olive Tablets by their olive color. 10c and 25c per box. All druggists.

# Society

The regular weekly meeting of the Soldiers Mothers club was held yesterday afternoon with Mrs. David Stoops at her home in North Morgan street when two new members, Mrs. Mart Spivey and Mrs. E. E. Perrin were taken into the organization. Because of the many church societies and other clubs organized before the Mothers club, which meet on Tuesday afternoon the members of this club have decided to change their meeting day to Friday.

At the next meeting of the club which will be held at the home of Mrs. William Woolen in North Harrison street April 5, boxes of candy will be made for the boys and each member of the club is asked to bring a box to be sent to her boy in order that the candy may be sent out as soon as it is made.

The members of the Woman's Missionary society of the First Presbyterian church held the first meeting of their church year yesterday afternoon at the home of Mrs. Lon Link when an interesting program on Missionary work was given. "Christ in Latin America," was the subject discussed by Mrs. C. E. Liddle after which the devotional exercises and missionary current events were given, followed by a short business session. Mrs. Joseph Cowing, the newly elected secretary took charge of her work yesterday in the place of Miss Minnie Beale who resigned. All of the other officers of last year were re-elected.

The members of the O. N. T. embroidery club were pleasantly entertained yesterday afternoon by Mrs. Susan McCoglin at her home in North Morgan street. The guests spent a delightful social afternoon at the close of which the hostess served a dainty luncheon. Aside from the members of the club the guests included Miss Lenora Norris and Mrs. Mary Thomas. The next meeting will be held in two weeks at the home of Mrs. R. H. Jones in North Perkins street.

## Social Calendar

### Thursday

D. A. R. Meeting in the afternoon with Mrs. H. V. Logan, 603 North Perkins street.

Psi Iota Xi sorority in the evening with Miss Hannah Morris, 310 East Fifth street.

Grand Club in the afternoon with Mrs. Frank Wilson, 612 North Main street.

Thursday Afternoon Bridge club with Mrs. Roy E. Harrold, 717 North Perkins street.

Meeting of teachers and officers of the Sunday school classes of the United Presbyterian church, at the church in the evening.

Always Present Sunday school class of the Main street Christian church in the evening with Miss Sylvia Dye.

The home of Mrs. Jesse Pge in North Morgan street was the scene of a prettily appointed card party last night when she was hostess to the members of her Five Hundred club at the regular semi-monthly meeting. Guests for three tables were entertained and at the close of the evening the hostess served light refreshments. The next meeting will be held in two weeks with Miss Nettie Retherford at her home in West Fifth street.

Honoring the seventeenth birthday of their daughter Hazel, Mr. and Mrs. Earl Wilson of Mays entertained at their home last night with a prettily appointed evening party which came as a surprise to the guest of honor. Scores of young people of the Mays neighborhood enjoyed the affair and the evening was spent with dancing and games. At the close of the evening, the hostess served a dainty luncheon.

Honoring the birthday of Mrs. Fred Bell the members of the Sunshine Embroidery club of Raleigh surprised Mrs. Bell at her home last night. About sixty guests were present and the evening was spent at cards after which a dainty luncheon was served. Aside from the members of the club the guests included Miss Henrietta Tubert and Miss Gladys Barr of Morristown.

An interesting program has been arranged for the regular meeting of the Daughters of the American Revolution which will be held tomorrow afternoon with Mrs. H. V. Logan at her home in North Perkins street.

There will be a meeting of the Lurline council, tomorrow evening in the Red Men's hall at 7:30. Following the business meeting the guests will be entertained with a supper.

The home of Mr. and Mrs. O. M. Harton was the scene of a pretty dinner party Monday evening when they entertained the members of the Busy Bee with a pitch-in dinner. The guests included Mr. and Mrs. Lon Stewart, Mr. and Mrs. Albert Winship, Mr. and Mrs. Wilbur Amos, Miss Mary Amos, Miss Lucy Inow, Mrs. Emma Tubert and Will Inow.

Mr. and Mrs. Frank Catt of North Perkins street entertained at their home last night with an informal card party at which guests for two tables were entertained. A dainty luncheon which was served following several rounds of cards, closed the evening's entertainment.

The members of the S. E. T. embroidery club held a pleasant meeting yesterday afternoon at the home of Miss Mary Amos in North Perkins street. Needlework was done during the afternoon, at the close of which the hostess served a dainty luncheon.

Miss Sylvia Dye will be hostess to the members of the Always Present class of the Main Street Christian church at the regular meeting which will be held at her home tomorrow evening.

The regular meeting of the Thursday Afternoon Bridge club will be held tomorrow afternoon with Mrs. Roy E. Harrold at her home in North Perkins street.

Miss Hannah Morris will be hostess to the members of the Psi Iota Xi sorority at her home in West Fifth street tomorrow evening.

The regular meeting of the Grand Club will be held tomorrow afternoon with Mrs. Frank Wilson at her home in North Main street.

## Red Cross Notes

For a time, the Saturday surgical dressing classes will not meet. The regular classes on the other days will work as usual and further announcement will be made when the Saturday work is resumed.

The ladies of the Catholic church will sew at the Red Cross headquarters tomorrow afternoon.

The ladies of the Christian church sewed at the Red Cross headquarters this afternoon.

## TO GIVE DAMON AND PYTHIAS

### K. of P's Will Present it as Benefit For Willing Workers

"Damon and Pythias" will be presented by the members of the Knights of Pythias lodge on Wednesday evening, one week from tonight, in the Graham Annex for the benefit of the Willing Workers class of the St. Paul's M. E. church. The play has been enacted so well in the lodge work that the men have been asked to repeat it so that the public would have an opportunity to see the presentation of the well known story.

## How to Make Oatmeal Bread

### Healthful to Eat—Saves the Wheat

1 cup flour	1 cup cooked oatmeal or rolled oats
1 1/2 cups corn meal	2 tablespoons shortening
1 teaspoon salt	1 1/2 cups milk
5 teaspoons Royal Baking Powder	No eggs
2 tablespoons sugar	

Sift together flour, corn meal, salt, baking powder and sugar. Add oatmeal, melted shortening and milk. Bake in greased shallow pan in moderate oven 40 to 45 minutes.

This wholesome bread is easily and quickly made with the aid of

## ROYAL BAKING POWDER

If used three times a week in place of white bread by the 22 million families in the United States, it would save more than 900,000 barrels of flour a month.

Our new Red, White and Blue booklet, "Best War Time Recipes", containing many other recipes for making delicious and wholesome wheat saving foods, mailed free—address

## FOOD WILL WIN THE WAR

## URGES RED CROSS TO KEEP UP FULL SPEED

A. F. Bentley, State Director, Wires E. B. Thomas of Need of Steady Shipments

## SAME FAITHFULNESS ASKED

Urging the women of the local chapter to keep up a steady output of hospital garments and surgical

dressings A. F. Bentley, state director of the Red Cross, sent the following telegram to E. B. Thomas county chairman today:

"The Red Cross requests the chapters to continue at full speed the production of hospital garments and supplies and to make steady shipments of finished goods to the state warehouse."

In addition to the appeal of the state director, E. B. Thomas is urging the women to continue their work at the headquarters with the same vim and faithfulness as has been noticed during the winter, de-

spite the fact that the spring cleaning is making its appearance.

"The hospitals back of the battle lines must have a steady flow of supplies coming in to them constantly," declared Mr. Thomas "and with this end in view women must make a sacrifice and arrange their work at home so that it will not interfere with this all important duty which has been placed on their shoulders."

## A Style Show

is here every day in the week. This store will have no formal opening, but its preparations to attire you becomingly are thorough and complete.

## An Assemblage of Garments That Reflects the Prestige and Resources of this House

awaits you. A visit to the New York market has been productive of an infusion of new style ideas and novel concepts that elevate our offerings above the mediocre. Do you not owe it to yourself to familiarize yourself with this showing?

Foremost among Springtime's offerings are the tailored suits that are youthful, smart and distinctive. Then there are hundreds of attractive coats for afternoon, street, machine or dress wear. The dresses of tulle, georgette, crepe de chene and foulards are exquisite, and no doubt you will wish one. Among the skirts are those fashioned of the new baronet satin—beautifully lustrous.

Enchanting are the new blouses, bewitching in their gay or subdued colors, and adapted to any use. Our new spring sweaters are receiving a great deal of attention for they are extremely pretty. Combining the new shades of lobster, turquoise, corn, infantry, rose and mile with angora collars, they are most appealing.

## WEEK FOR GIVING BOOKS TO SAMMIES

Country Wide Campaign Being Conducted to Gather Good Books For Camps

### LIKE THE TECHNICAL ONES

During Last Three Days Rushville and Rush County Will Enter Into Campaign

During the last three days of the week, Rushville and Rush county will enter into the nation wide effort which is being made this week to gather and send to the many training camps of the country a million books.

The campaign is a continuation of the one which was heartily endorsed last fall by the government. By this means reading of red blooded stories, good technical works and wholesome books of all kinds are distributed about the various cantonments of the country as well as across the sea, forming a major part in the soldiers days.

Attractive posters have been received at the public library here and are being distributed about in the business houses of the city, each of which carries a special appeal for good reading material for the soldiers. The Boy Scouts of this city will assist in gathering the books here.

People having books which they wish to donate to the soldiers may place their names on the inside and if there is any special camp to which they desire the book sent, this will be done if the name of the camp is also placed in the book. Books may be taken to the library or if the librarians are notified they will be called for.

The kind of books that soldiers like best is revealed, in general, in the following announcement:

"We are having repeated calls for technical handbooks and textbooks," writes a librarian from Camp Mende. "We want all kinds of engineering handbooks, mechanics handbooks, books on sanitary engineering, and books on all branches of the service. They cannot be too technical to suit the men. You will be interested to know how quickly the newly purchased books are snapped up. Of the six copies of Thompson's Electricity, four are now out and were out within a week after they were ready." The librarian from Camp Sherman says "The Indiana men give a hearty welcome to James Whitcomb Riley's poems, and to Booth Tarkington's 'Gentlemen From Indiana.' The Kentucky boys ask for John Fox, Jr.'s, 'Little Shepherd of Kingdom Come,' 'Trail of the Lonesome Pine,' and 'Christmas Eve on Lonesome.' At Camp Beauregard the writers that seem to be the most popular are O. Henry, Harold Bell Wright, G. B. McCutcheon, Jack London, Chambers, Conan Doyle, Mark Twain, E. P. Oppenheim, Kipling, Poe, Booth Tarkington, Rider Haggard, Dumas and H. G. Wells. This is probably a typical list of authors who are favorites in the camps.

### GET 22 ALLIED PLANES

(By United Press.)  
Berlin, March 20.—Twenty-two allied airplanes and two captive balloons were brought down yesterday, the war office announced today.

## Reliable Prescription For the Kidneys

For many years druggists have watched with interest the remarkable record maintained by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder medicine.

It is a physician's prescription. Swamp-Root is a strengthening medicine. It helps the kidneys, liver and bladder do the work nature intended they should do.

Swamp-Root has stood the test of years. It is sold by all druggists on its merit and it should help you. No other kidney medicine has so many friends.

Be sure to get Swamp-Root and start treatment at once.

However if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Poughkeepsie, N. Y., for a sample bottle. When writing be sure and mention the Rushville Daily Republican.

(Adv.)

## RARE EXPERIENCES DOT LONG CAREER

Dr. Virgil Tevis Writes Numerous Incidents Which He Encountered as "Marrying Parson"

### GREYNA GREENS IN THE SOUTH

Experience Teaches Him to Recognize Couples Wanting His Service at First Glance

The unusual experiences dotting his career as a "marrying parson" are contained in an interesting article by Rev. Virgil W. Tevis of Martinsville, formerly pastor of the St. Paul's Methodist church which appeared recently in one of the state papers.

During his long and successful pastorate here Rev. Tevis became a most popular minister with young couples in quest of someone to pronounce the marriage ceremony and his story of the various manners as well as the various times during the day and night he "had tied the knot" is especially interesting to personal friends of Dr. Tevis here.

To the former local pastor with whom the marriage ceremony has always been regarded with the utmost sacredness and solemnity the apparent lack of understanding with which numerous parties approach the marriage altar was discussed as a subject of discredit to communities in which it exists.

"The bride ordinarily selects the officiating clergyman," stated the Rev. Mr. Tevis, "and if she is religiously inclined insists upon a full ceremony with impressive wording. Ask the groom what manner of service he desires and ninety times out of a hundred he will reply 'Make it as short as possible.'"

Having spent a number of years as pastor of a church in Jeffersonville the "Greyha Greens" existing along the Ohio river where runaway couples are married by the hundred every year were described. The men operating the marriage parlors look on the ceremony merely from the civil standpoint and many of these establishments employ matrimonial runners who meet ferry boats from Louisville and ears from Indiana. They have become such experts in their calling that they are able to spot a couple with matrimonial intent on sight.

During his pastorate in Jeffersonville the Rev. Mr. Tevis stated that he had seen so many couples looking for a minister that now he prides himself upon being able to recognize a couple wanting his service as officiating clergyman "sometime by their hesitating walk, sometime by their blushes and smiles and sometime by the license which the groom carries in his hand."

### POSSIBLE SOURCE OF WASTE

Knightstown Domestic Science Teacher Writes Dr. H. E. Barnard

Miss Gladys Lord, supervisor of domestic science at Knightstown, has called the attention of Dr. H. E. Barnard to a possible source of wastage in foodstuff in the home economics demonstrations being conducted over the state. In reply, Dr. Barnard has questioned the necessity for any considerable waste that practically all material used can be saved for use as food. He also holds that the saving made possible by the application of methods and formulas demonstrated should more than make up for the small loss that might be unavoidable.

### WRITES FROM ENGLISH CAMP

Will McGuire in Letter to D. H. Dean Describes Country

Dr. D. H. Dean received a very interesting letter yesterday from Lt. Will McGuire, dated, "An English Camp—February 18." An account of the trip over which he said was "uneventful with no dangers or sight of submarines" was given in the letter. The weather where he is now stationed, although no idea is given as to his location, at that time was about like "April weather at home." He stated they were then under canvas. The roads there, he stated, fine

### Our Boys in France and Home Protection

The men on the firing line represent the best of our American youth. One in four of our boys at home was sick because of physical deficiency. Many times the kidneys were to blame. If we wish to prevent old age coming on too soon, or if we want to increase our chances for a long life, Dr. Pierce of the Surgical Institute, Buffalo, N. Y., says that we should drink plenty of water daily between meals. This procure at the nearest drug store, Anuric (double strength). The cost is 60c. This "Anuric" drives the uric acid out and cures backache and rheumatism.

If we wish to keep our kidneys in the best condition a diet of milk and vegetables, with only little meat once a day, is the most suitable. Drink plenty of pure water, take Anuric three times a day for a month.

Read Dr. Pierce ten cents for trial package.

Lewis, Ind.—"For a long time I suffered from backache, pain in left side, frequent kidney excitation, bothering me at all times during the day and night, and the uric acid in my blood caused me to suffer from rheumatism along with a constant tired, worn-out feeling. I heard of Anuric and at once began its use. After giving it a good trial I believe it to be the best kidney remedy on the market to-day. I have tried other kidney medicines, but these Anuric Tablets of Dr. Pierce are the only ones, in my opinion, that will cure kidney and bladder troubles."—HENRY A. LOVE.

### SUIT NEW BUT HOLE IN SHOE

Bad Teeth Like Bad Shoes Spoil Fine Dress and Good Looks

### PEOPLE NEGLIGENT IN CARE OF MOUTH

Senreco Tooth Paste Powerful To Save the Teeth and Prevent Diseases

"All dressed up with a hole in his shoe" was a bit of sarcasm at a young man's expense whose entire outfit was new except his pumpled shoes. Right enough, too. Either to man or woman a shabby pair of shoes would spoil the appearance of the most elegant garments ever worn.

What about the teeth? Open in all the many you please, if you open your mouth exposing a decayed set of teeth your attractiveness ends right there. That's a hole in the shoe for you. This applies both to men and women. Girls and young men, you have half the admiration which would be directed toward you if you have bad teeth. You can't be pleasing with a mouthful of decay. You can't be healthy either. The condition of the teeth have a telling influence on other organs of the body and even affect the circulation of the blood and the entire system. Medical science shows that bad teeth produce unhealthy conditions all over the body.

Senreco Tooth Paste at your service—a scientifically prepared preventive of decay—there's no need of filling a cavity—there's no need of having a painful decayed tooth. Used regularly on a set of good teeth the decay germs have little chance to enter. If they do enter, they can't stay long under its clear, clean, and powerful action. A cleaner and preservative of the teeth, it is a most valuable remedy. Senreco Tooth Paste is a preventive. Ask your dentist if you should not get an additional supply. Senreco Tooth Paste is sold in all drug stores, and is also sold in the Senreco Tooth Paste Dispensary, 111 East Third Street, Rushville, Ind. But we don't want you to consider any amount of the mouth and teeth as a mere accessory to the body. We want you to consider them as the very foundation of your health and happiness. Senreco Tooth Paste is the only tooth paste that is sold in the Senreco Tooth Paste Dispensary, 111 East Third Street, Rushville, Ind. Senreco Tooth Paste is the only tooth paste that is sold in the Senreco Tooth Paste Dispensary, 111 East Third Street, Rushville, Ind.

### U. S. MUST REDUCE ITS WHEAT CONSUMPTION

Allied Cereal Shortage Growing More Critical—German Food Prospects Better

### ENGLISH MEAT SHORTAGE

Indianapolis, Ind., March 20.—To heels of authentic report that German food prospects for this year are improved over those of 1933, there are outstanding indications that the cereal shortage facing the allies is little short of critical.

Reserve wheat held in American mills and elevators show a loss of 20 per cent from last year and approximately 60 per cent from 1916. The United States today is shipping only 50 per cent of the wheat that the allies need.

Pending the new crops, the people of this country must reduce wheat consumption to the point where it is only about half what it was in every home before the war.

To make up for the allied wheat lack food administration officials are trying desperately to relieve the great meat shortage in England. Shipments for March will increase 50 per cent above those for February.

### SEEKS TO ELIMINATE COMPLAINT OF COAL

Fuel Administration Will Watch Coal at Mines and in Cars During Summer

### MAY CONDEMN COAL CARS

(By United Press.)

Washington, March 20.—On the eliminate much of the "dirty coal" which caused a great many complaints from consumers during last winter the state fuel administration today had investigators watching coal at the mines and in cars.

Clinkers, stones, dirt and other unburnable material, which has been found in coal in large quantities during the last few months will be ordered removed by investigators whenever it is found.

If the investigators find coal in any part of a mine, which appear to be naturally unfit for market they may order the mining suspended in those parts.

Investigators also are authorized to condemn at the mines any coal loaded in railroad cars which, in their judgment has not been properly prepared. The cars in such cases will have to be unloaded and the coal reprepared.

### "THE FARMER AND WAR"

Talk by G. I. Christie Billed For Connersville Meeting

Farmers from this county are urged to attend the meeting which will be held in the Auditorium at Connersville on Thursday afternoon at 2:30 o'clock, March 21. The meeting will be addressed by G. I. Christie, state food director, who will speak on "The Farmer and The War." Mr. Christie tells the man behind the plow to back the man behind the gun, and shows practical ways to do so.

### The Food Administration Says:

### LET US REMEMBER:

That every flag that flies opposite the German one is by proxy the American flag, and that the armies fighting in our defense under these flags can not be maintained through the winter unless there is food enough for them and for their women and children at home. There can only be food enough if America produces it by the personal service and patriotic co-operation of all of us.

### FUND IS ABOUT COMPLETE

\$500 Almost Raised to Get a County Agent Here

Rush county is practically assured of procuring a county agent for the fund of \$500 which was necessary to raise and add to the state and nation's appropriations has been almost completed. Contributions for the fund are still being received at the People's National Bank. Appropriations are allowed by the nation and by the state for each county to pay the salary of an agent. When the fund of five hundred dollars is completed by popular subscription, the county council is asked to appropriate a certain amount which in addition to the contribution of five hundred dollars will pay other expenses.

### COUNCIL HAS NO PANACEA FOR THE BLACKBIRD EVIL

Continued From Page 1

been planted too close together and it was suggested that an old ordinance be amended to provide shade trees should be planted at least 300 feet apart. Some objections to this scheme were advanced because property owners with a 40-foot frontage might plant two trees which would be closer than 30 feet to his neighbor's.

The question of allowing members of the police force one day off a week was put up to the council by the police committee and it was decided the committee and the mayor could work out this problem to their own satisfaction.

Mayor Irvin suggested that it was about time for a spring clean-up day and it was decided to find out what had been the policy in the past as to the time to observe the day.

Passage of the street oiling resolution was postponed until the next regular meeting because the resolu-

### Stop that Cough

at the first sign of a Sniffle

Dr. King's NEW Discovery for Coughs & Colds

does it. Also scatters the congestion and clears up the head. Breaks the fever and makes for easy and restful sleep. Your doctor's father sold Dr. King's New Discovery 50 years ago and for a half century it has been the standard cough and cold remedy. If millions had used it to their advantage it would be to-day enjoy its national popularity. Keep it constantly on hand. Your druggist sells it.

The Evils of Constipation Leaving waste material in the body poisons the system and blood and makes you liable to sick headaches, biliousness, nervousness and muddy skin. Try Dr. King's New Life Pills. Prompt relief. At all druggists.

non had not been given a chance to be placed on top of a building here to act as a guide to student aviators flying between Wright field, Dayton, O., and Chanute field, Randolph, Ill. was received and presented to county oil last night. It is \$68, which was according to the contract. The claim was not allowed until the apparatus can be inspected.

Deputy Sheriff Will Spivey returned Orville Byrde to the insane hospital at Madison Tuesday. Byrde had been out on parole but the authorities found it necessary to take him back to the asylum.

### Mothers--This Child Was Cured of Bed-Wetting

Mrs. C. W. Peters, Lancaster, Pa., writes: "My six-year-old girl has wet the bed since she was a baby. I found no relief until I tried your sample of Foley Kidney Pills. I saw they were helping her and bought two bottles of my druggist and she is altogether cured. Thanks to Foley Kidney Pills for the benefit I have found in them, as it takes a lot of washing out since I have told a number of mothers.

Parents no longer scold or punish a child for bed-wetting. Instead, they improve the child's physical condition, until the annoying and mortifying act is done away with.

A few simple rules aided by the use of Foley Kidney Pills will stop any ordinary case of bed-wetting that is not caused by obstruction or malformation of the parts. They are safe to take and absolutely free of harmful drugs. Foley & Co., 2345 Sheffield Av., Chicago, will send the literature on bed-wetting to any one asking for it.

F. B. Johnson.

### How Hull's Superlative Makes Rich Red Blood and Builds Vitality

Professor Cloyd M. Reeg, Noted Analytical Chemist Proves Health Value of the Famous Hull's Superlative is Based on Facts.

Friends of Hull's Superlative in Rushville will be interested to know that the sale of this preparation is growing bigger every day. People who have tried it are so greatly benefited that they tell their friends who are sick or ailing and get them to try it.

Professor Cloyd M. Reeg, the noted analytical chemist, connected with the Findlay College, states that Hull's Superlative is not a drug poison, but is composed of seven roots, herbs and one berry, and it is this highly concentrated extract that holds in liquid suspension the invaluable salts and minerals so important to the human body and even to life itself.

"Because of these facts," says Professor Reeg, "Hull's Superlative occupies a unique position in its relation to the health of mankind. It is not a medicine but rather a blood and tissue food and vitality-builder of undoubted worth, and its use will do much to promote health and strength that makes for efficiency."

It is nature's great helper in time of need, and a short course treatment will eliminate sickness from the body, for once the blood and tissues contain their proper balance of salts and minerals there can be no sickness.

Sick nerves, an upset stomach, deranged kidneys, bladder, bowel trouble and like ailments soon vanish when a course of treatment with Hull's Superlative is begun. Coughs, colds, and grip, tonsillitis and other contagious ailments are quickly routed by Hull's Superlative, for once the tissues and blood are receiving their proper nourishment good health is sure to follow.

Every bottle of Hull's Superlative is sold on a positive money-back guarantee. If after taking part or all of one bottle the customer does not think he has been helped all he needs to do is return the partly filled or empty bottle to the druggist and get his money back. This should be sufficient guarantee to induce every man and woman sufferer who reads this paper to try Hull's Superlative.

For sale by all druggists.—(Adv.)

### Something Doing In Rushville

Mr. G. A. Metzger, representing the LUTHER GRINDER MFG. CO., of Milwaukee, Wisconsin, is holding a special sale and demonstration of tool sharpeners, at A. GUNN HAYDON'S HARDWARE STORE all this week. The way they were advertised on the street Monday they sure must be some grinders. Metzger invites to people to bring in the dull knives and scissors which will be sharpened free of charge.

No Sharpening Done for Children or Servants. Come Early and Avoid the Rush.

### The Anker-Holth Cream Separator

is the only Separator on the market that has a SELF-BALANCING BOWL and has no lead or soft solder on the inside in order to perfect a BALANCE, which you will find in other makes of Separators. The bowl is guaranteed to stay in balance the life of the machine. The Bowl is Self-Balancing which makes it non-freezing in cold weather. It is easy to turn and easy to clean, and can be washed in one-half the time you can wash any other Separator.

The Anker-Holth has no oil holes or feed cups. It is oiled by an up-to-date oil system; you only put oil in every 60 or 90 days. The ANKER-HOLTH will skim closer than any other Separator on the market today, which has been proven by tests with other leading Separators, and tested by the Babcock cream tester. It is the only Separator with a dirt chamber that removes all impurities from the whole milk before it enters the discs for cream separation.

The Anker - Holth is a High-grade Separator at a Medium Price.

Call and See the Separator and Get Our Prices.

## PUT CREAM IN NOSE AND STOP CATARRH

Tells How To Open Clogged Nostrils and End Head-Colds.

You feel fine in a few moments. Your cold in head or catarrh will be gone. Your clogged nostrils will open. The air passages of your head will clear and you can breathe freely. No more dullness, headache, no hawking, snuffling, mucous discharges or dryness; no struggling for breath at night.

Tell your druggist you want a small bottle of Ely's Cream Balm. Apply a little of this fragrant, antiseptic cream in your nostrils, let it penetrate through every air passage of the head; soothe and heal the swollen, inflamed mucous membrane and relief comes instantly. It is just what every cold and catarrh sufferer needs. Don't stay stuffed-up and miserable.

Your 1918 auto license is ready for you. Louis Hiner, at the Republican office.

WEBSTER'S MULTICOPY Carbon Paper is sold by Louis Hiner.

# WHEAT CONSERVATION HITS PAPER HANGERS

Decrees That Paste May be Made From Only the Lowest Grade of Wheat Flour.

## ALTERNATIVE MAY BE USED

Indianapolis, Ind., March 20.—Paste used for hanging wall paper must be no better than number 2—a very low grade of wheat flour, which is unfit for bread making. This statement comes from Dr. Harry E. Barnard, federal food administrator for Indiana, and is intended to answer a timely question, which has come to him frequently in anticipation of the house cleaning season.

Paper hangers always used white wheat flour for paste making, for the reason that they have never been able to secure satisfactory results with any other ingredient. However, the present wheat flour situations necessitates the use either of this very low grade of wheat or some alternative, Dr. Barnard asserts, for wheat flour fit for bread making is entirely too precious for such use at this time.

# ABSENCE OF PLANES ON WESTERN FRONT

Is Displeasing to General Pershing Who Was Promised Several Hundred by April 1

## NO U. S. PLANES ON OUR FRONT

(By United Press.)

Washington, March 20.—General Pershing is understood to be far from pleased with the results so far obtained by the signal corps in its airplane program.

There are no American airplanes over our front in France.

The expeditionary forces depend to a great extent on the French fliers, although a number of American aviators have been in the air in French machines.

General Pershing has been promised several hundred machines by April 1 but thus far only a handful has been delivered and apparently not any more will be shipped abroad before the end of the month.

## GROUND SCHOOL AT PURDUE

Will Turn Out 500 Aviators Every Sixty Days

(By United Press.)

Lafayette, Ind., March 20.—Word was received by Dr. W. E. Stone, President of Purdue university that the war department has accepted a contract with the university for establishment of a ground aviation school at Purdue.

The university will house the men and feed them in lots of 500 and it is planned to turn out 500 trained men every 60 days after April 1. They will be housed in the Purdue Armory and a mess hall will be built.

## WORD FROM FRANCIS

(By United Press.)

Tokio, March 20.—United States Ambassador Francis, with a party of 36 Americans, Japanese and Chinese passed Omsk on March 9 headed for Harbin, according to advices reaching here today.

## NO NEW U. S. OBJECTIONS

Washington, Mar. 20.—The United States interposed probably no new objection to Japanese proposals for intervention in Siberia.

## 15 WORKLESS DAYS TO FARM

Non Essential Industries May Have to Give up Labor

(By United Press.)

Washington, March 20.—Fifteen workless days in all non-essential industries to release men for the farm planting is advocated by Assistant Agricultural Agent Oustley.

Oustley told that it might be necessary for the government to take over farming work before we won the war, although he hopes such steps would not be necessary.

It Must be Here Since The Men Are Blossoming Out in Their Straw Lids

Although signs of the springtime have been in the air and constantly placing themselves before us for several weeks, the first sign of summer, which bids fair to appear in our midst somewhat earlier than usual this year appeared on the downtown streets yesterday when residents of the city—of the masculine gender—made their first 1918 appearance wearing straw hats. It is difficult to judge a season by the attire of women who when fashion so decrees wear furs and felt hats. At first and straw hats when the snow is still on the ground but when the more conservative men dons wearing apparel of a certain season, the season is usually here or at least on the way. Due to many of the spring clothes being worn for a short time.

## EARLY MARCH HAS LARGE TRANSFERS

Farm Land Sales Were Very Large  
—Pleasant A. Miller Farm Goes  
for \$35,095

### FOUR OVER TEN THOUSAND

Total Considerations for the Month  
Amount to \$137,600.70. Which  
is Unusually Large

The first two weeks of the month of March was marked by some of the largest estate transfers of the year. The deals in the selling of farm land were especially large, the largest transfer being the farm of Pleasant A. Miller in Rushville township, consisting more than 212 acres of fertile farm land, which sold for \$35,095.50.

Four of the other sales were in figures which ran in advance of the ten thousand dollar mark and three were between five and ten thousand dollars.

The total sales for the period, where considerations were given amounted to \$137,600.70, which is unusually large for a half month. The transfers follow:

Consumers Gas Co., to Lyeurgus P. Seaman part of lot 58 in Smith and Carr addition to Rushville for one dollar.

Albert J. and Millie A. Reddick to John M. Hufferd 58.31 acres in Posey township for \$8,746.50.

James L. and Dorothy Brown to John M. Hufferd 21.69 acres in Posey township for \$3,253.50.

Ola V. and Joseph A. Robertson to Ora S. and Stella Siler 80 acres in Ripley township for \$11,000.

East Hill Cemetery company to Omer P. Mill 102.42 in section 10 of the cemetery for \$150.

Dalton R. and Grace R. Powell to James and Laura O'Neil 35.52 acres in Rushville township, \$9,130.20.

James and Laura O'Neil to Dalton R. and Grace Powell lots four and five in the Payne et al trustees addition to Rushville, \$1,500.

Pleasant A. Miller to Lesley B. Brown 212 7/10 acres in Rushville township, \$35,095.50.

Hiram and Harriet Whalen to Wil-

## Headaches Are All Gone Now

Indianapolis Woman Tells How  
Tanlac Built up Run Down Sys-  
tem

Like lots of other women Mrs. Philip Johnson, 613 North Senate street, Indianapolis, used to have headaches and felt bad. But, Mrs. Johnson says she feels as well as she ever did in her life since she took Tanlac and got her system back in shape.

"My stomach was out of order," Mrs. Johnson said. "Sometimes my appetite was so poor that I didn't want to eat anything at all and the little I did eat caused gas to form in my stomach."

"I was nervous too, and all run down and I had headaches a great deal of the time."

"I tried lots of medicine and some of them helped me while I was taking them but as quick as I stopped taking them I got to feeling bad again."

"I heard so much about Tanlac that finally I decided to give it a trial."

"Tanlac surely has helped me. I began to improve while I was taking the first bottle and after taking the second bottle I felt as well as I ever did in my life."

"My stomach is back in good shape now and I never have trouble after eating like I used to. The headaches are all gone, too, and my health in general is much better."

"Tonic time is here. Thousands of men and women take Tanlac each spring to get their systems back in shape after the winter's hardships. Do you feel tired and draggy? If you do, take Tanlac and prepare to enjoy the summer. You can get Tanlac at F. E. WOLCOTT and leading druggists everywhere, Rushville, Ind."

"Try Tanlac Rheumatism Treatment for rheumatism. It is the real tonic treatment that you are hearing so much about. You can get it at any good drug store where you get Tanlac, the famous tonic. (Ad.)"

Land and Lucinda Clark parcel of land in Circleville, Rushville township, \$800.

Nancy E. Grog to Charles C. Marble 90 107/1000 acres in Union township for \$12,600.

James L. and Dorothy Brown to John M. Brown 80 acres of land in Posey township for \$14,000.

George and Anna Shaw et al to Martha J. Parker lot 24 in Earl City, \$550.

Lettie Woods to Maude and Earl M. Woods interest in 2.81 acres in Posey township, \$1.00 and other considerations.

Benjamin F. Miller, et ux, to Earl H. Payne, 80 acres in Washington Twp., \$500, and other considerations.

Martha J. and George W. Cox to Earl H. Payne, 80 acres in Washington Twp., \$500, and other considerations.

Alice C. and John A. Jones to John M. Boren lot 141 in Payne et al trustees addition to Rushville, \$500.

John M. and Margaret Wigginton to Kunah Parker 344 acres in Washington township, \$4,500.

East Hill cemetery company to Alphonzo Nelson east one-half of lot 100 in Section 11 of the cemetery \$85.

Grover and Layman Realty company to Hiram Kramer lot 37 in Belmont addition to Rushville, \$245.

Leighton F. Templeton et al to Harriet Z. Stiers 324 acres in Center township, \$5,000.

Hubert G. and Avery S. Rawls to Harlan H. Henley parcel of land in Carthage for \$500.

William L. and Laura M. Leonard to Albert and Almida Fiehlin lots two and fifteen in the original plot of Vienna (now Glenwood) for \$1,200.

Charles and Ella Benning to William C. Morgan 49 acres in Rushville township for \$10,000.

Peter J. and Orlean B. Waggoner to Harley Willey 30 acres in Orange township, \$4,500.

Edmer E. Griffith and Sarah C. Griffith to Caroline Griffith lot 66 in the Payne et al trustees addition to Rushville, \$2,000.

James A. Root et al to Armilda Seright 64 square rods in Milroy for \$1 and to correct description.

Elizabeth Peck to Mary Shoppelle undivided 1/2 of 63 acres in Orange township, \$1,000 and other considerations.

Robert McMill et ux to George T. and Maude E. Keisling 66.40 acres in Richland township, \$8,800.

Charles H. and Mary Newsom to Theodore Sampson et al lots 99 and 100 in the Henley and Clark addition to Carthage, \$274.

Theodore Sampson et al to Otto McCarthy lots 99 and 100 in Henley and Clark's addition to Carthage, \$260.

## SHORTAGE OF SUGAR HITS SODA FOUNTAINS

War Comes Home to Coca Cola  
Fiends When Their Orders Can-  
not Be Filled

### ONE FOUNTAIN HERE WAS OUT

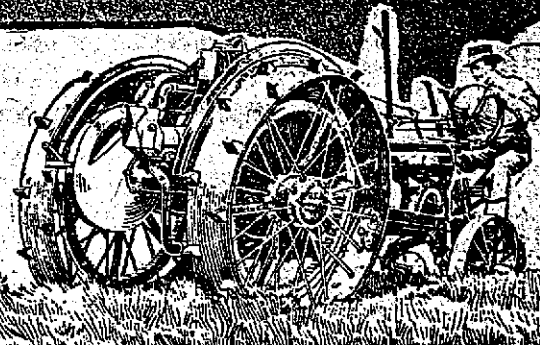

The assurance with which frequenters of local candy kitchens have been wont to demand various soft drinks is lacking during these days of extreme sugar shortage and instead of placing their order with the confidence of immediately having it placed before them, they have learned to ask for their drink with a rising inflection.

This is especially true with Coca Cola. Because of the inability of manufacturers to obtain a sufficient amount of sugar the output of Coca Cola has been cut to such an extent that with some retailers the orders have been cut entirely. For the first time in many years one of the Rushville candy kitchens exhausted its supply of the popular drink last week and was not replenished until a S. O. S. call was sent out to one of the branch establishments.

20,000 LOST IN BATTLES  
(Petrograd, March 20)—Twenty thousand casualties have resulted from the civil war which has broken out in Turkey between the Soviets and the whites, according to dispatches received today. More battles are feared.

## Fits Your Farm

Does All  
Farm  
Work  
Without  
Horses

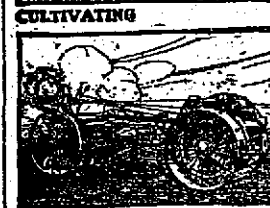

See for yourself how well the Moline Universal Two-Wheel Tractor FITS YOUR FARM. It cultivates as well as plows. It works on plowed ground without packing the soil. It is as easy to handle as a team of horses. It gets close into the fence corners, turns short and backs with tools attached. It is a real one-man tractor. You ride on the tool where you can see the work you are doing. You don't have to have someone run the tractor while you operate the farm implement, and finally, it DOES ALL FARM WORK WITHOUT HORSES.

## Costs Less Than 4 Horses Does the Work of 7 Horses

With all the advantages named above the Moline Universal Two-Wheel Tractor is also low in first cost and very inexpensive to operate. It costs you less than 4 good horses. When it comes to pulling it has the power of 5 horses and because it travels faster and never tires, it will actually do the work of 7 horses.

## MOLINE ORIGINAL 2 WHEEL UNIVERSAL TRACTOR

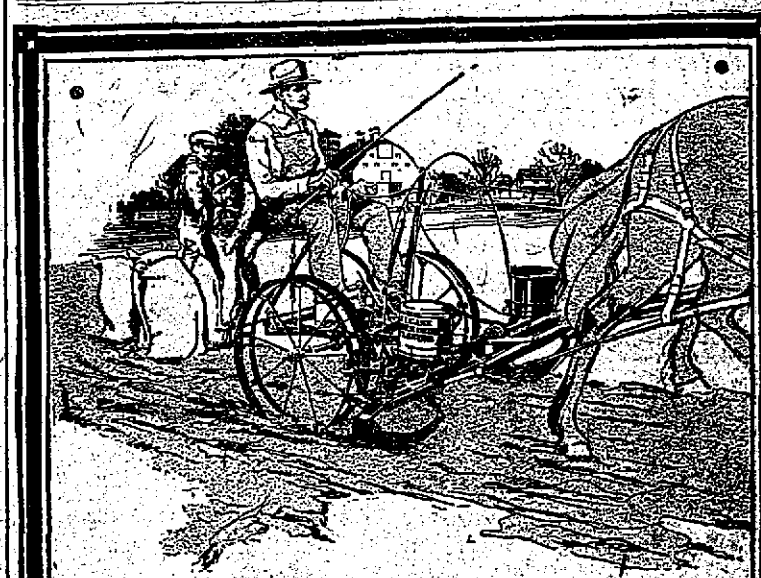

will do anything you can do with horses and do it quicker, easier, better and with less hired help. Because all its weight is on two wheels—it has no dead weight to carry. All its weight is traction weight. It throws all of its weight into the pull. The tool you hitch it to forms the rear wheels. This gives two big advantages. FIRST: It does away with almost a ton of needless weight—which tractors of the 3 and 4 wheel types require. SECOND: It enables the operator to ride the tool instead of the tractor. In this way you can watch the work closely. You can turn short, get closer into fence corners than you can with a team and back with tools attached.

If you have an average farm of from 80 to 300 acres you will find this one-man, two-wheel, all-purpose tractor ideally fitted for your work. Don't buy any tractor until you have investigated the Moline Universal.

Phones 1592-1150

Rushville, Ind.

THERE is no other corn planter in the world like the J. I. Case. It's the remarkable planter that drops 20 more perfect hills out of every 100. Thus in this way adds 7 bushels per acre to your corn crop. That increases your profits \$350.00 for every 40 acres you plant. We invite you to call and see this planter. See how it will actually pay its cost several times the first year you use it.

Come into our store any day and we shall be glad to demonstrate this machine. We want to show you the polished beveled plates, the two cut-offs, the drive from the main axle, and a host of other features. But best of all we want you to see right here a proof of accuracy in planting that will surprise you—it will do the same thing on your own farm.

Sold in Rushville by  
E. A. LEE

## SEED CORN

I have a limited supply of Yellow Dent Corn. Very fine quality. Call and see this corn before buying elsewhere.  
Price \$4.50 per Bushel in the Ear.
